## Marijuana Grow

By MARLYN SALGUERO

**Eastvale** - A marijuana grow was discovered at an Eastvale residence last week, after an electrical box exploded at the home, officials said.

On Feb. 22, 2013 at approximately 4 p.m., Eastvale Police Department units responded to a call in the 200 block of Arcadia on reference to a "shots fired" call. When Deputies arrived, they discovered that the residential

## Eastvale Goes Virtual At City Hall

CITY OF EASTVALE

**Eastvale** - Your next planning question in the City of Eastvale might be answered by a Planning expert who is miles from the City's planning counter. Through the use of existing technology, residents of Eastvale can speak to and see a planner immediately from Eastvale City Hall via a live video link. The new system in-

creases coverage at the planning counter from a day or two a week to full time, without increasing costs to the City.

"In order to provide Eastvale residents with a friendly face at City Hall at all times, the City has instituted a Virtual Planner option," said Carol Jacobs City Manager. "If a customer comes

## Corona Votes To Annex Temescal Valley

BY ANDREW HOOVER

**Corona** - The Corona City Council voted to move forward on a decision to annex unincorporated Temescal Valley, according to the city website.

On Wed. Feb. 6, Corona City Council members met with residents of Temescal Valley to discuss its Annexation. A decision was ultimately passed to move forward with

the annexation by submitting an application to the Local Agency Formation Commission (LAFCO) for Riverside County.

Close to 300 citizens showed up at the council chambers on the Feb. 6 meeting, most of whom opposed the annexation of Temescal Valley. The concerns were focused on having adequate police and fire safety from Corona, no raised taxes, no decrease in services, fear of losing control

drive, and live in. But while we are highlighted, are we also responsible for crime rising?

Last week, the Eastvale Police Department conducted a very intelligent survey by walking through a local Eastvale shopping center looking for valuables in obvious sight that could attract thieves.

Within TEN MINUTES,

# Code Enforcement Department

## Determined to Improve the Quality of Life in Eastvale

By CAROL JACOBS,  
CITY MANAGER

Code Enforcement is a critical and valuable service offered by the City of Eastvale. The City recognizes the vital importance of preserving a high quality of life throughout the community and has adopted local codes and ordinances that govern the proper use and maintenance of private properties.

Carol Jacobs: City Manager of Eastvale.

The Code Enforcement Department is responsible for performing field inspections of properties to ensure compliance with applicable zoning, safety, fire and nuisance codes, ordinances and abatement regulations. Code Enforcement also serves as a resource to other departments, divisions,

and agencies and resolves complaints while providing public education.

The Eastvale Code Enforcement team consists of two seasoned, full-time Code Enforcement Officers and three Code Enforcement Volunteers. This small, yet highly effective team engages in an average of 683 code actions per month ranging from administrative citations, inspections, illegal signs, discarded shopping carts, park-

ing citations, to scavenging enforcement and more.

The top five complaints that the Eastvale Code Enforcement Department responds to are (in order of call frequency):

1. Trash Bins in public view
2. Property Maintenance - dead grass or over grown grass
3. Boat and R.V. parking
4. Basketball Hoops in the

## Support the Eastvale Military Banner Program

CITY OF EASTVALE

**Eastvale** - The City of Eastvale's Military Banner Program recognizes and honors Eastvale residents and their immediate family members who are serving on active duty in the United States Armed Forces.

Approximately twenty-nine (29) military banners are currently placed on Archibald Avenue. The next phase of Military Banner installations will take place in May 2013, but

the City needs your support. The Eastvale Military Banner Program is funded completely by voluntary donations and banners are printed and placed as funding for the program is available.

Any amount of donation would be greatly appreciated and will help the City reach its goal to print an additional eight to ten banners for the next installation.

If you are interested in donating to Eastvale's Military Banner Program, please send your contribution to:

## Business Registration – Renewal Time is Here!

CITY OF EASTVALE

**Eastvale** – Many Eastvale business owners and operators will likely receive a notice from City Hall in the next few days reminding them to renew their Business Registration with the City.

The City launched its Business Registration program on March 20, 2012 and has received tremendous response to the program with over 900 businesses registering. This program will compile a comprehensive inventory of businesses in the City of Eastvale, enhance public safety and help achieve compliance with federal, state and local water quality regulations.

All businesses operating within the boundaries of the City of Eastvale will be required to register with the

City, using the registration application. The Business Registration Brochure and Application are available on the Business Registration page of the website: [www.EastvaleCA.gov](http://www.EastvaleCA.gov).

The initial registration fee is \$46 annually and for those businesses that are renewing, the renewal fee is \$31 annually. Please be advised that any fees associated with inspections for compliance with federal, state and local water quality regulations will not be waived for any businesses as those regulations are independent from the City's Business Registration Program.

The City has worked with the Eastvale Chamber of Commerce and the Riverside County Recorder's office to identify and notify Eastvale business owners however, anyone operating a business within

the City's boundaries is encouraged to register.

Business Registration counter hours at City Hall are Monday – Thursday 7:30 a.m. to 5:30 p.m.

Should you have any questions regarding this program, please visit the City of Eastvale's website or email [bus-reg@eastvaleca.gov](mailto:bus-reg@eastvaleca.gov)

public right of way  
5. Abandoned Vehicles

As a proactive approach to potential code violations, we recommend familiarizing yourself with the Eastvale Neighbor Preservation Overlay (ENPO) which may be found on the City's website [www.EastvaleCA.gov](http://www.EastvaleCA.gov) under the City Hall tab and select Code Enforcement. The provisions of the ENPO zone apply to all currently approved and future residential developments. The Neighborhood Preservation Standards are meant to maintain a safe, orderly, sanitary and aesthetically pleasing environment on public and private properties. The overlay covers topics such as landscaping, trash receptacles, parking, yard maintenance, facade treatment, outdoor lighting and temporary exterior holiday displays to name a few.

Here are a few simple suggestions to help homeowners be consistent with the overlay

and avoid code enforcement violations, ask yourself: Does my lawn look like the rest of the neighborhood? Are my Holiday lights still up in March? Are my trash bins BEHIND the gate?

One of the goals of Code Enforcement is to promote a positive image of the department and the services we provide to our community by promoting a culture that is helpful, customer service oriented, approachable, knowledgeable and of the highest integrity. We are dedicated to preserving and improving the high quality of life and standards here in Eastvale!

Should you have any questions or comments, City Hall may be reached at (951) 361-0900. City Hall office hours are Monday-Thursday from 7:30 a.m. – 5:30 p.m., closed every Friday. City Hall encourages all residents and visitors to register for e-notification on the City's website: [www.EastvaleCA.gov](http://www.EastvaleCA.gov).

# Learn How to Beat the Competition in the IE Growing Economy

STAFF REPORTS

**Corona** – Dr. John Husing, the leading authority on the Inland Empire economy states that "the IE is showing growth in a number of areas." Dr. Husing will present Growth in the Inland Empire: What to Expect in 2013 to Inland Empire businesses at an event planned

for Tuesday, March 26th at the Corona Public Library. This event will allow participants to get up close and personal with Dr. Husing, allowing ample time to interact with this top economist to understand regional opportunities that will build their businesses. Additionally, extensive networking with regional businesses will be highlighted.

The Business Resource Connection, a strategic alliance of business leaders dedicated to growing SoCal companies, is offering this event as part of its Business Education program. This is the Business Resource Connection's 7th Annual Signature event for Inland Empire businesses.

"Inland Empire businesses

have been requesting more time to talk with Dr. Husing. We have revamped our program to allow an hour of the program to be devoted to participants to have ample time to ask, and get questions fully answered at this event," said Diane Wekler, president of the Business Resource Connection.

Dr. John Husing, PhD, is the

leading authority on the Inland Empire economy, an area he has been studying since he wrote his doctoral thesis on the region in the 1960s. Event details: Tuesday, March 26, 2013, 9 – 11 a.m. At the Corona Public Library, 650 South Main Street, Corona, CA 92882. The cost is \$35, and for more information or to register: [www.BRCnetworking.com](http://www.BRCnetworking.com).

CITY OF EASTVALE

tification, registration, permitting, reporting, and payments.

CalRecycle is working within state and local government and the business community to recognize and promote recycling as an economic development tool as well as an environmental tool. CalRecycle staff offer assistance to help reuse/recycling-based businesses start

and prosper in California.

CalRecycle offers funding opportunities to assist public and private entities in the safe and effective management of waste. Some economic incentives include grants to address household hazardous waste, used oil, and tires. In addition, CalRecycle's Recycling Market Development Zone Loan

Program combines recycling with economic development to fuel new businesses, expand existing ones, create jobs, and divert waste from landfills.

Additionally, CalRecycle offers current information and resources to help grow and green individual businesses while maintaining or exceeding environmental compliance and for regulated busi-

nesses (certification, registration, permitting, forms, reporting, payments, etc.).

CalRecycle staff will continue to update these resources in an effort to promote green business practices and to facilitate business compliance.

## CRIME: are we inviting it?

CRIME from page 1

Eastvale police found, and took pictures of, numerous vehicles that were parked that had either left their doors un-

locked, windows rolled down, or valuables left in plain sight.

The question they asked was: "does your car attract or tempt a crime? If so, you may be a victim of a very preventable vehicle burglary.

On our Facebook page, ([www.facebook.com/EastvaleCommunityNews](http://www.facebook.com/EastvaleCommunityNews)), many people have commented on how they "ran in for a minute," or "it was parked right in my driveway." We reported once before that a

helicopter had been circling the area and looking for a suspect that had been seen walking down a street while checking every car door that was parked in a residential area, to see if any doors were open.

The Eastvale Police Department would like to remind residents to take these simple, preventative steps to minimize the chances of becoming a victim of a vehicle burglary:

Be aware of current crime trends:

- Thefts are often crimes of opportunity.
- Be cognizant of your surroundings.
- Report suspicious activity to the police. Dispatch Non-Emergency (951) 776-1099
- Subjects loitering near parked vehicles, looking into vehicle windows, or attempting to open car doors randomly.
- Be especially cautious in high-risk areas.
- Parking lots at shopping centers, parks, and apartment complexes are particularly vulnerable to criminal activity.

Suggestions to help deter vehicle burglaries:

1. LOCK your car.

2. Take your keys with you.

3. Park in well-lit areas.

4. Completely close your windows.

5. Consider a vehicle alarm.

6. DO NOT leave any valuables in sight. This includes detachable radios, cellular telephones, money, jewelry, computers, purses, tools, etc.

7. Keep your garage door opener out of sight.

8. Deactivate your garage door remote immediately in the event of theft.

Do not hesitate to contact law enforcement to report any suspicious activity. You can reach the Riverside County Sheriff's Department at:

Eastvale Police Department:

7477 Mission Blvd. Jurupa Valley, Ca. 92509

Station Phone Number: (951) 955-2600, Dispatch Non-Emergency: (951) 776-1099, Emergencies: 911.

Don't invite crime or tempt a desperate individual, report suspicious people and follow the guidelines above. (The City of Eastvale and the Eastvale Police Department contributed to this story)

# Correction Notice of Press Enterprise Article

## CITY OF EASTVALE

**Eastvale** – At the February 13, 2013 City Council Meeting, Council Members discussed agenda item 8.4 entitled "Jurupa Community Services District (JCSD) Liaison Committee." The agenda item was meant for Council Members to provide direction to staff on whether or not to enter into discussions with JCSD about the parks and recreation functions of the district and whether or not the City should assume that role and responsibility at some point in the future.

The Council Members lis-

tened to a brief explanation by City Manager Carol Jacobs during which she emphatically explained that this agenda item was added to seek direction for staff about having discussions with JCSD or not. The agenda item was not seeking a vote by Council Members to "takeover the parks system" as erroneously reported by a Press Enterprise article published at 8:08 PM on February 13, 2013 entitled, "EASTVALE: Council decides to takeover parks system".

The City of Eastvale would like to emphasize to the community and our partners at JCSD that this agenda item

was not a vote by Council Members to take over the parks and recreation functions of the district. JCSD has done a wonderful job creating a beautiful parks system and offering quality recreation programs to our residents.

"The goal of the City and JCSD is to provide the best level of service possible to our residents," said Carol Jacobs City Manager. "The City and JCSD are focused and committed to serving the same community and we want what is in the best interests of our residents."

The City of Eastvale appre-

ciates the cooperation of the Press Enterprise in correcting the title of their article and their willingness to print a retraction and correction.

Residents may rest assured that at this time the City and JCSD are only discussing the parks and recreation functions and what the process and feasibility would be should the two agencies mutually decide to shift the roles and responsibilities in the future.

About the City of Eastvale: Eastvale, one of California's newest cities, incorporated on October 1, 2010. Roughly ten years prior, Eastvale was a part

of the world-famous Chino dairy area, home to thousands of dairy cattle and only a handful of residents. Today, Eastvale has an ever-growing population of 55,602 residents. Roughly 90 percent of the city is developed and served by a variety of local and regional shopping centers. Eastvale is a young and dynamic community in Western Riverside County filled with economic opportunity and strong values. The City Council values and encourages public participation in the governing process. For more information on the City of Eastvale, please visit: [www.EastvaleCA.gov](http://www.EastvaleCA.gov)

# City Construction Update

## CITY OF EASTVALE

**Eastvale** – City Hall has received numerous requests about what is being built where and what new tenants may be coming to town. Here is brief update:

- Marketplace at the Enclave (Archibald and Schleisman) will include a Starbucks (drive through location, opening 2014), AutoZone (opening 2014) and Jack in the Box (opening in April 2013). There are also several pads for other future tenants who are not yet determined.

- Eastvale Gateway South (south side of Limonite): 24 Hour Fitness Super Sport – Grand Opening May 18th, pre-sale will begin about 60-90 days prior.

- Eastvale Gateway (north side of Limonite): The Joint Chiropractic (opening April 2013, near Chipotle), C2 Education (opening April 2013, next to Vons), Ulta (opening Summer 2013, taking 1/2 of the former Borders location). The other 1/2 of the former Borders location does not yet have a tenant secured.

- Cloverdale Marketplace (Ralphs shopping center at Hamner and Limonite): Riverside Medical Clinic (under construction, opening in May/June 2013), The Learning Experience (under construction, opening in May/June 2013), Waba Grill (under construction, opening in May/June 2013). Please note: The Shakey's Pizza franchisee has pulled out of this location.

Eastvale Community Park: JCSD Parks and Recreation

Department is building the Eastvale Community Park. The Eastvale Community Park will be located at the corner of Citrus and Hamner and will be constructed in 2 phases. Phase 1 will be approximately 45 acres when completed. This portion of the park will consist of the following amenities:

- Concession Building
- Picnic Area
- Restroom Facilities
- Lighted Sports Fields
- Parking

Additionally, the Eastvale Community Park will extend the Eastvale Trail which will be constructed on the outskirts of the south end of the park and will connect to the Santa Ana

River Trail project, which is designed to extend from the Pacific Ocean to the crest of the San Bernardino Mountains and, at build out, will total over 110 miles in length. <http://www.parks.jcscd.us/>

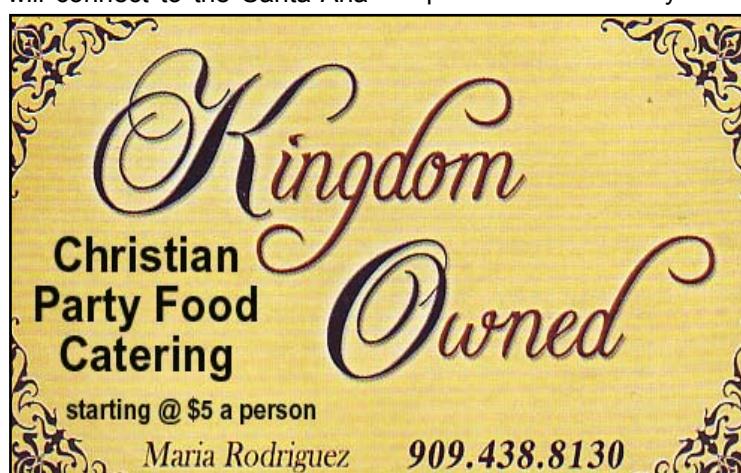

The Palms by Lennar Homes: This housing project is located on Citrus Avenue between Sumner Avenue and Scholar Way, directly across the street from ERHS.

The housing project consists of 197 detached single family homes on a 53.2 acre site. Lennar will reserve an additional 39 acres of open space to the south of the project which will include future trails connecting to existing trails to the west and a pond which currently exists

on the site close to the river (not visible from Citrus Avenue).

The Palms Planned Residential Development draws inspiration from the historic Spanish-Ranch home of the famous actor Desi Arnaz built in 1960. Exquisite detailing of the home,

including hand-forged ironworks, historic iron lighting fixtures, tiled mosaics and a barrel-tiled roof all reinforce an architectural style classic to Southern California. This project is going back to the Planning Commission on March 20th for minor revisions.

## “Do It Yourself” Tips

The Eastvale Community News has decided to provide you with “Do It Yourself” tips we found for you to try at home! If you have a tip you would like to share or if you know of a way to improve one of our tips, please email us at [editor@anapr.com](mailto:editor@anapr.com) and title the email “Eastvale News Tips”. Please note that these tips were found online and were based off other people’s experiences. DIY Tips courtesy of Andrew Hoover.

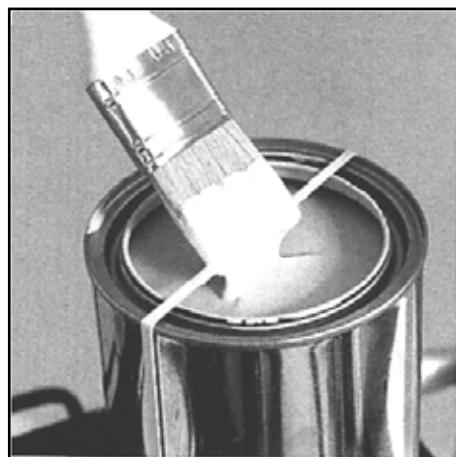

### For Your Lifestyle:

Want to start each year with a smile? Make a happy jar! Fill a jar with notes of positive things that you have done or that have happened to you that made you happy. Keep these notes throughout the entire year, then on January 1st of next year, open the jar and read all your accomplishments from the previous year.

### For Your Painting Needs:

Most of us have painted something in our lives, whether it's a wall, a room, or the whole house. One of the most common nuisances we have to deal with is paint dripping down the side of the can. Well your worries are now over! To avoid paint dripping down the side of the can by having to swipe the brush on the side of the can to get rid of excess paint, use a rubber band instead. Just wrap the band around the entire can of

paint and wipe the brush off on the band in the middle, and get back to painting drip-free.

### For your Household:

If you're an avid house-cleaner, here's a tip that will help organize all those cleaning supplies under the sink. Just buy a hanging shoe rack and store all your cleaning supplies inside each of the pockets for a neat efficient way to store everything!

### For Your Shopping:

When shopping for groceries, we often times have to make multiple trips to the car to retrieve all the bags. Well a simple item will make those trips much easier on you and your hands. A carabiner that is used by rock climbers can be used to carry your grocery bags. First you loop the carabiner between all the bags, lock it into place, and then

carry all your grocery bags in the house at once, making your multiple trips into just one or two.

### For Your Closet:

Looking to create a little more space in your closet and recycle common items at the same time? Well look no further because the tabs from soda cans are useful items that can create a “double coat hanger” to increase space in your closet. First, take a soda tab off the can and loop it through the hook of the hanger. Then let the tab fall to the neck of the hanger, and loop another hanger through the other hole of the tab. You'll save space in your closet because your hangers won't be bunched up on the closet bar anymore!

### For Your Household:

Everyone knows how hard and even sometimes dangerous it is to open electronics, kid's toys, and household items that are wrapped in plastic blister packaging. Well don't worry about having to pry the packaging open or hurt your hands using scissors because all you need is a common household item: a can opener. Just take the can opener and go along the edges of the packs for quick easy opening.

## Pet Corner

### Pet Owners In Need Can Get Spay/Neuter Vouchers

On Saturday, March 9, a limited number of free spay and neuter vouchers will be handed out in front of the Western Riverside County Animal Shelter for pet owners who qualify as low income.

The giveaway begins at 9 a.m. There are a limited number of vouchers and therefore, those who really need assistance are urged to arrive early.

The vouchers are made possible by a grant from Union Bank.

Applicants must show proof of low income status, such as income tax receipts, SSI, or unemployment verification.

The animal shelter is at 6851 Van Buren Blvd. in Jurupa Valley.

## Activities With Your Pet

The benefits of joining your pet in activities are twofold: it's a great way to bond with your pet, and both of you get healthy physical exercise.

“Pet activities” could mean taking your dog for a walk or jog, on a family camping trip, or to the park to retrieve the tennis ball or Frisbee. It could mean buying or making fun toys for your cat—one of the best is as simple as a string or piece of long fabric tied to the end of a stick that you twirl over the cat's head. Tossing a ball stuffed with cat nip will drive your cat crazy, and you may soon find you're having as much fun in playtime as he is.

Puppy kindergarten and professional puppy training classes are an excellent way to socialize your puppy with other animals. These classes also help you learn how to train your pet to be a good citizen. Well-behaved dogs are a joy to their owners and others they meet.

In addition, teaching your pet tricks can be a fun and rewarding activity. Teaching your dog tricks is exciting and intellectually challenging for him. Some tricks, such as “heal,” “sit” and “down” are basic commands every obedient dog should know. Others, like barking on command, rolling over, “sit, wait and finish” and “shake” are more fun than they are necessary for obedience.

When teaching your dog tricks, it's important to be patient and reward him by using positive reinforcement. An enthusiastic “Good dog!” and a pat on the head will go a long way. There are a lot of good resources out there to help you teach your pet tricks. Ask your local obedience school for guidance; search online for helpful Web sites ([www.Animal.Discovery.com](http://www.Animal.Discovery.com) is a good one) and for books at the bookstore. The title of the book *The Only Dog Tricks Book You'll Ever Need* says it all. Courtesy of VPI Pet Insurance.

# Goodwill Drive at ERHS High School

## STAFF REPORTS

**Eastvale** - Clean out your closet & garage and help out a good cause. On April 14th from 10 a.m. to 4 p.m., a goodwill drive will take place at Elea-

nor Roosevelt High School, 7447 Scholar Way Corona, CA 92880.

The ERHS Wrestling Booster (a nonprofit organization) is partnering with Goodwill and is in need of your unwanted bags

of clothes, boxes of books, and household items. In return of the Wrestling Booster collection efforts, the Goodwill will donate money to help pay for Tournament fees for all wrestlers. Goodwill So Cal uses your

donated goods to help provide job opportunities and training for veterans, people with disabilities, and other disadvantaged people. Most items are sold at their thrift stores throughout California. Your donations are fully tax deductible. Please request a

tax receipt if needed. We will gladly pick up your donation if you are local to the area. To arrange pick up please email us at [info@mustangswrestling.org](mailto:info@mustangswrestling.org) or call: 951.496.6689. For a list of acceptable items, visit [www.mustangswrestling.org](http://www.mustangswrestling.org).

# Facebook Recap

## RECAP from page 1

you missed the information we provided throughout the month of February, here is a brief summary of what we posted. Make sure to "Like" our Facebook page, so you won't miss out in March!

Throughout February, we have shared various posts from the Riverside Sheriff Police Department and from local news stations. We have posted about DUI checkpoints, about a man shot by an 8-year-old boy, a marijuana grow house in Eastvale, and a boy who nearly drowned in Eastvale. Read the full stories about the marijuana grow house and the boy who nearly drowned on page 1. We also provided daily updates on the manhunt for Christopher Dorner.

On our Facebook page,

we share a variety of information straight from the City of Eastvale, including traffic delays, City Council meetings, Strategic Plan meetings, and graffiti removal, to name a few.

Community members have posted on our Facebook page regarding fundraisers, events, and lost pets. We have had about 5 posts regarding missing pets in the area and the community reassured these families that they are on the lookout for their missing pets.

Lastly, community members have recently posted on our Facebook page with questions anywhere from "why are helicop-

ters flying around" to "what is burning in Eastvale". Regarding the fire near the city, we posted evacuation information and how the fire started.

Throughout February, we have also posted about grand openings, massage specials, Eastvale Chamber updates, information regarding State of the City Address, sports information, Eastvale News advertising specials, and how to enter our monthly Facebook Giveaways. Read the story on page 1 to find out the new rules for this month's Facebook Giveaway.

experience in the styling business and has owned two other salons prior to Salon Radiance.

"After so many years, I still enjoy it," she said. "I love meeting different people every day and the reward that I get when I see clients' faces when I'm done working on them."

Salon Radiance is a full-service salon that offers not only hair coloring, cutting and styling, but facials, waxing and dermabrasion as well. They also sell all the products they use.

Lascurain said there are eight stylists and one aesthetician working the salon to make sure that every client gets enough time dedicated to them.

"We're there to give them 100 percent and do the best we can for them," she

in the Hampton Inn and Hampton Inn & Suites system, based on product quality and guest satisfaction scores.

Ronak Desai, the general manager of the Norco Hampton Inn, has been in this field for 6 years and has helped to create a clean and comfortable environment for guests from all over the world. "Our hotel team is passionate about their roles and understand how it impacts the guest experience," said Desai. "We enjoy interacting with guests from all of the country and the world who come to the area, whether it be on business or just a weekend getaway," he added.

Along with its high quality service, the Hampton Inn has a 100 percent satisfaction guarantee, which allows for a full refund if you are

not entirely satisfied with your stay. However, Desai is confident that you will be satisfied. He says, "The cleanliness of our hotel and guest service is unmatched."

In addition, the hotel's amenities include 24 hour coffee in the lobby, complimentary toothbrush, toothpaste, razors, and shaving gel, along with the standard amenities that are included in each room. The Hotel also offers a business center, pool and onsite fitness facility. Hotel guests will receive complimentary access to LA fitness with their stay. All of the rooms also include a 32" Flat Screen TV with Direct TV Hi-Def channels, refrigerator, microwave, coffee maker, iron/iron-

said. "We're dedicated to constantly giving the highest customer satisfaction."

As far as specializing in one area, Lascurain couldn't pinpoint any one thing her salon does best, and for good reason.

"We're specialized in everything!" she said. "When you enjoy your job, you do it well."

Currently, Salon Radiance is offering a free haircut and style with the purchase of full color, and a haircut and blow-dry for \$25. Their dermabrasion treatment is also going for only \$75 and includes a treatment that detoxifies clients' skin and leaves it without the typical redness.

"It looks like your skin glows," Lascurain said.

Salon Radiance has been in business for 5 years and is located at 7064 Archibald Ave. Suite 103 in Eastvale, 92880. They can be reached at (951) 735-0950.

ing board, clock radio, a business desk, and free Wi-fi.

Breakfast is also served every morning from 6-10 a.m. and includes a well-balanced menu of eggs, meat, fresh fruit, yogurt, oatmeal and coffee to satisfy any appetite.

The specials that Hampton Inn offers are 15%-20% off standard rates when you book your stay in advance on the Hampton Inn website. The Hampton Inn even gives discounts for AAA, AARP, government and military personnel, and also has bereavement rates for visiting families. # Car Theft Suspect Killed By Police

By ANDREW HOOVER

**Riverside** - On the night of Tues. Feb. 26, Riverside police shot and killed a man suspected in an auto theft, after he rammed into a patrol car.

At around 8:50 p.m. on Tuesday, officers were called to the Peppertree

Place Apartments parking lot with reports of a car theft in progress. Witnesses state they saw a man get out of a previously stolen car and tried breaking into another, Sgt. David Amador Wrote in a statement Tuesday.

The suspect drove off when officers

tried to stop him, then exited through the West gate and collided with another vehicle. The suspect then rammed the driver side of a patrol car causing the two officers inside to open fire.

At around 9:38 p.m., the suspect died at Riverside Community Hospital less

than an hour after he was shot at the apartment complex on Arlington and Van Buren Blvd. The suspect's name has not yet been released.

No officers had been injured in the shooting, and police have not identified the officers who fired the shots.

The investigation into the shooting is still pending through the Riverside police robbery/homicide division.

# Motorcycle Accident in Norco

By ANDREW HOOVER

**Norco** - A motorcyclist riding without a helmet was sent to the hospital after

crashing his motorcycle in Norco.

On Sat., Feb 23, near the intersection of Temescal Avenue and 4th Street, deputies arrived on scene to find a man

# Commercial Burglary Arrest

STAFF REPORTS

**Norco** - A Norco man was arrested last week for a commercial burglary in Norco.

On March 03, 2013, at 5:13 a.m., Norco Police responded to an alarm activation at a business in the 1600 Block of Hamner Ave in Norco. Deputies established a perimeter and discovered a portion of the fence had been cut. Deputies observed a male adult

attempting to exit the business with stolen property. The suspect attempted to elude deputies and was captured after a short foot pursuit. The stolen property was recovered and returned to the owner.

The suspect was later identified as Jason Dion, 39-year-old resident of Norco and was booked into the Robert Presley Detention Center. Dion was arrested for commercial burglary, grand theft, possession of burglary tools,

injured and lying in the road.

Sgt. Davis of the Norco police stated in a sheriff's report that "It appeared alcohol may have been a factor in the collision."

Davis added in his report that eye-witnesses saw the man hit a curb and mailboxes before flying off his bike.

The name of the man has not yet been released.

# Near drowning

## DROWNING from page 1

was pulled from the water by his 11-year-old brother and CPR was initiated by off-duty paramedics who were also at the pool, according to a Riverside Sheriff press release.

Paramedics arrived to the apartment

complex at the 12000 block of Gathering Place and transported the boy to Loma Linda Medical University where deputies say he is expected to make a full recovery.

The Eastvale Police Department encourages parents and caregivers to practice safe pool techniques by maintaining constant visual contact when children are in or near the water.

# Marijuana grow

electrical box had exploded and smoke could be seen inside the residence.

Occupants of the residence, Hui Ming, 60, and Hu Su, 48, were inside and initially refused the deputies to enter. However, the deputies entered the home to assure no one was injured.

While inspecting the home, they discovered nearly 200 plants of various stages of marijuana grow from 6" to 2".

After declaring the house safe, the California Department of Forestry (CDF) responded to ensure there were no more threats of fire. Edison also responded by shutting down the power leading to the residence.

A deputy remained at the residence awaiting Special Investigations Bureaus response. Also, Lt. Yate, Sgt. Rico and Sgt. Stolte were notified to follow proper procedures. Investigator Josh Parker of Investigations Bureau and his team carried on with the investigation thereafter. One person was arrested, according to Deputy Jeff Cryder.

According to code 11358 of the Department of Health and Safety ([www.ca.gov/health-safety](http://www.ca.gov/health-safety)), anyone who cultivates any amount of marijuana is committing a felony. If found guilty, suspects can face jail time that varies between 0-36 months.

Suspects are also usually charged for grand theft for stealing of power, in addition to cultivating marijuana. In many cases, suspects plead out for probation or serve a small time, according to Deputy and Neighborhood Watch Coordinator Jeff Cryder.

One way of preventing this type of crime is to be involved in a neighborhood watch and to be informed. Deputy Cryders says "It is common for people not to know their neighbors and it causes this type of issues." For more information on Neighborhood Watch, contact Deputy Jeff Cryder at (951) 955-2600 or [Jcryder@riversidesheriff.org](mailto:Jcryder@riversidesheriff.org).

under the influence of a controlled substance, and committing a crime while on bail.

The Norco Police Department is committed to the safety of the citizens of this community and will be vigilant in investigating all crimes of this

nature. The investigation is ongoing and the Norco Police Department is reaching out to the public and asking anyone with information about this incident to contact Deputy Kehrier at the Norco Police Station at (951) 270-5673.

# Homebuying 101

STAFF REPORTS

**Eastvale** - Chase Bank on Archibald & Schleisman will be hosting a Homebuyers Workshop on March 26th and

May 21st. This event is free and open to the public.

These workshops will be given by our Mortgage Banker, Khulood Hattar. Buying a home can be a daunting task

## Eastvale goes virtual at city hall

VIRTUAL from page 1

into City Hall and a planner is not available in person, we will now have a Virtual Planner for the face to face experience through FaceTime on an iPad at the front counter."

PMC, the City's planning services provider, brought the Virtual Planner system to the City of Eastvale. "Continual improvement in customer service is one our goals, and the Virtual Planner lets us do that. Even when a planner is not available at city hall, customers who come to the public counter can talk face-to-face with one of our staff and get immediate answers to their questions,"

said Eric Norris Planning Director.

"The Virtual Planner service lets us provide better customer service in a more cost-effective way, said Norris. "Our customers enjoy using the Virtual Planner service. It's fun, and it has the benefit of providing personal, face-to-face interaction."

City Manager Carol Jacobs personally tried the Virtual Planner when the service went live at City Hall and she felt, "it's a great way to communicate and have the added ability to discuss plans, layouts and drawings without having planning staff in the office."

"Eastvale is a very technology savvy community and I'm hoping our residents will be as excited about the Virtual Planner as we are. It is a great tool for the community and it provides an affordable solution with an improved level of service," said Jacobs.

For more information regarding this workshop, please call (951) 871-9764.

Customers can also turn to "My First Home", a microsite that's part

of chase.com. The "My First Home" site is a step by step guide to buying a home, helping customers understand the mortgage process and determine if owning a home is right for them.

City provides therefore, PMC is scheduled to have staff at City Hall regularly, but this new system enables that time to be used more efficiently. The new planning system is the perfect fit for the young community of Eastvale.

# Eastvale Chamber of Commerce

## Chamber President's Message

By JORGE RAZO

"I had to make my own living and my own opportunity! But I made it! Don't sit down and wait for the opportunities to come. Get up and make them!" – C.J. Walker

When C.J. Walker spoke of opportunity, his encouragement to "get up and make them" was right on. As a Chamber in Eastvale, we encourage you to do the same. Get out to a Chamber mixer, breakfast, or event, and get up and make your opportunity! You can, many have, and you will by attending events

the Chamber has gathered for you.

With just a little over a month until April 9, the Eastvale Chamber of Commerce is working diligently on the 2nd Annual State of the City Address. The event is going to be held at the beautiful Eastvale Community Center beginning at 6:30pm.

This community event is FREE, you DO NOT NEED TO BE A MEMBER, nor have a business. With the Chamber's hard work, and your attendance, you can help the city prosper. This event is a great way for all of us to give back to the community.

The State of the City will feature a dessert reception from 6:30 p.m. to 7:30 p.m., followed by a presentation about the past year and future of Eastvale by Mayor Ike Bootsma and Mayor Pro-tem Adam Rush. The 2nd Annual Eastvale State of the City Address is going to be an event you won't want to miss! Due to limited space at the Eastvale Community Center, RSVPs are required. Attendees may RSVP at [www.EastvaleChamberofCommerce.org](http://www.EastvaleChamberofCommerce.org). Again, it's free.

The Chamber is also celebrating its 3rd Birthday this March. This is a huge milestone for the chamber and the community, and we hope that everyone

Chamber President Jorge Razo

comes out to celebrate with us on March 21, 2013 at Jersey Mike's, beginning at 5:30 p.m.

## Four Places at Once

By PASTOR ROB NORRIS

There's a proper time and way for people to do everything.

Ecclesiastes 8:6

If you were to point your car southwest of Cortez, Colorado, drive exactly 38 miles along Highway 160 and then hang a right on Four Corners Monument Road, in about a half mile you'd run into the only spot in America where you can be in four states at the same time: the intersection of Arizona, Colorado, New Mexico and Utah. It's out in the middle of an empty desert, surrounded by dust, rocks and boulders.

But that doesn't stop upwards of 2,000 people a day from visiting Four Corners and waiting in line just for the thrill of having their picture taken standing in four states at once. Truly the American way, huh: trying to be four places at one time!

Truth be told, it's a picture of the way many of us elect to live our lives. We are constantly pulled in several different direc-

tions. Our pressure-filled, rush-rush, hurried lifestyle has a way of leaving us winded, dazed and addicted to the next item on our activity list.

It leaves us little time for serious spiritual reflection. Little time for anything more than snap judgments. Little time to share our dreams with each other as a couple. Little sense of where we've been and where we're going.

What's more, I fear that by crowding out any room for meaningful communication, original thought or spiritual insight in our family schedules, we're fueling our children a raw addiction to activity, constant motion, continuous noise and endless sensory stimulation.

I urge you to stop and check the speed limit on this road you're on. Imagine a life that allows for real living ... the kind you'll never find at Four Corners.

Live it

What cutbacks and other restrictions could you impose on yourselves that would make

your lives dramatically more manageable three to six months from now? Start by finding one thing you'll say no to.

Pray

Ask God to give you the tenacity and the wisdom to build some margin into your lives and family.

Join us at The Crossings Easter Sundays at 10 am

For a Celebration Service and Egg Hunt Meeting at River Heights Intermediate School. [www.attthecrossings.com](http://www.attthecrossings.com).

Trusting and Believing with you!

Pastor Rob

## Easter Is Like Spring-Cleaning For The Soul

By PASTOR TIM EATON

Spring is in the air! The dark, short days of the winter are giving way to the lengthening, light and life filled days of spring and summer. It is time for the age-old tradition of spring-cleaning. Cleaning may not be on your list of favorite activities, but it is a freeing way to begin a new season. In the dark shadows of the winter, you may not have even noticed the clutter and junk building up in the house. Without the light and clarity of the spring, filth and grime can grow unchecked. That winter clutter can make it hard to live and move and breath. But as the fresh clear sun shines through the windows, we see clearly that care is needed. The dark days of winter have a way of de-motivating us. But as longer days and clear

light return, there is no better time to clear out the things that have held us back and create a fresh, clean, life-giving place to live. Spring-cleaning isn't just about cleaning the house – it's about giving the soul room to breathe fresh air.

It is no coincidence that Easter comes in the spring. It's accompanying bunnies and eggs remind us that Easter is a celebration of new life springing forth! Easter is the great spring-cleaning of the soul. Jesus was in the darkness of death and the grave for three days before springing forth in a new life that can never be taken away – never overshadowed again. And it wasn't just for Himself; He rose to bring forgiveness and life to us. Psalm 51:10 says "Purge me with hyssop, and I shall be clean. Wash me, and I shall be whiter than

snow." The darkness of pain, regret, or filth may have built up in our hearts but as Jesus brings forth new life, all of these can be washed away in the spring-cleaning of Easter.

Join us this Easter Sunday March 31st for an Easter Celebration and Egg Hunt – and every Sunday as we celebrate the joy of new life!

Sundays at 10am. All at Harada Elementary 12884 Oakdale Street Eastvale, CA 92880 [www.EdgewaterLutheran.org](http://www.EdgewaterLutheran.org).

## No Fear in Death

By PASTOR STEVE LOO

Adam Lanza. Christopher Dorner. Ali Sayed. Before December, these names would never strike fear in anyone's hearts. Now, the mention of them brings chills up and down one's spine.

Though we wish these types of killings would go away, the painful reality is that it won't – in this lifetime. We live in a fallen world. All of us will have to face death someday. The question is, "Do I know where I am going when I die?"

In the beginning, we never had to answer that question. Why? Because our first parents, Adam and Eve, never knew what life apart from God was like. But then they declared "death" to God by trying to live apart from Him, and were promptly booted out of Eden. Ever since then, man had a systemic issue called sin that alienated us from God. And because man had broken relationship with God, God must render judgment. Yet, God knew we couldn't fix this broken relationship alone. So when we couldn't fix things with God, Christ came to fix things with us. How? By dying in our place. Then He rose from the dead on Easter morning, prov-

ing that He's overturned our judgment of death!

Paul speaks of Christ's resurrection this way: Now if we have died with Christ, we believe that we will also live with him. We know that Christ, having been raised from the dead, will not die again. Death no longer rules over Him.

We have no fear in death if we are in Christ. And though death rules this side of the grave, we who put our hope in Christ will live with Him in a deathless world forever.

Celebrate the hope of new life on Palm Sunday (3/24) with a special musical performance by the "Hope" singing ensemble from Cal Baptist University, and Easter Service on 3/31!

Pastor Steve Loo, Sunrise Grace Church [www.sunrisegracechurch.org](http://www.sunrisegracechurch.org).

Worship @ 10AM, Clara Barton Elementary (7437 Corona Valley Ave. in Eastvale).

## How to Have Fun in a Marriage

By PASTOR MARK LEE

Someone once said, "Marriage is like flies on the screen door of a house. The flies on the outside want in and the ones on the inside want out." It is funny, but it's also painfully true at times. We have a tendency to think that dating people are having all the fun. They're the ones who get to experience the thrill of the chase, but once you get married, you're forced to settle down. Translation: marriage is no fun! This was never God's design for our marriages. God delights when we enjoy the blessings of marriage. Ecclesiastes 9:9 – Enjoy life with your wife whom you love.

I would say that without fun, marriage becomes nothing more than a business relationship. If there is any communication, it is all about business. Who's going to get the kids to soccer? Do we have enough money to pay the bills? How are the kids doing in school? It's all about the maintenance of the (fill in your last name here) Family Organization and that's not why we got married in the

first place.

You didn't get married to the other person because they really knew how to have a bad time. You got married because you saw something in them. You loved something about them. There was something about the other person that made themselves a perfect match for you.

Over the next three articles, I want to talk about how to restore some of this God honoring fun back into our marriages. We'll call them face to face, side to side and belly button to belly button. If you want to have what you used to have, you're going to have to do what you used to do.

VantagePoint Church meets at 9 & 10:45am at Eleanor Roosevelt High School (7557 Scholar Way, Eastvale). For more info, go to [www.VantagePointChurch.org](http://www.VantagePointChurch.org).

• SERVICE NEEDED: After 30,000 miles, transmission fluid begins to turn brown in color and oxidize due to the contamination of time and heat. Deposits form around the transmission's many moving parts. As a result, valves stick and gears slip or are sluggish and chatter as they shift.

SOLUTION: Rather than just draining the contaminated fluid found in the bottom of the pan, special equipment drains the entire transmission and its torque converter, while new fluid and premium conditioner are added. One of the hardest working parts of your vehicle will shift smoothly and effortlessly for many more trouble-free miles.
