Hathaway- Sycamores: A Family Forever

STAFF REPORTS

For 17 years, Miguel and Macrina Gutierrez's Whittier, Calif., home was occupied by only themselves and two cats. On July 30 of last year, that occupancy status increased, dramatically! As Miguel recalls, on that fateful Monday, "We became a family."

While the Gutierrez's became

a foster/adoptive family of five, literally overnight, their path toward parenthood actually spanned several years. Wed in 1995, the couple set their sights from the start on having children. It was soon discovered, however, that Macrina – who works at a Montebello elementary school as an early intervention specialist – had a medical problem that would make conceiving naturally

difficult. Several years were then spent pursuing infertility avenues, including in vitro fertilization, with no success.

Then, a chance conversation pointed to another avenue. Miguel, who works at UPS, was talking with a coworker about his and Macrina's struggle to start a

Memorial Day Weekend DUI Arrests

STAFF REPORTS

LA County - The Memorial Day Weekend Anti-DUI crackdown has resulted in a significant number of DUI arrests from local routine traffic enforcement and special "Avoid

the 100 DUI" campaign, overnight in Los Angeles County.

From 12:01 a.m. on Fri. May 24, through midnight on Sat. May 25, officers representing 100 county law enforcement agencies have arrested about

529 individuals for driving under the influence of alcohol or drugs. This number may increase due to some agencies that have yet to report their arrests.

All too often, members of our community are senselessly

injured or killed on local roadways by impaired drivers. Alcohol impaired deaths make up the largest number of vehicle

AB308 Makes Schools Return Money

STAFF REPORTS

Assemblyman Curt Hagman's AB 308 Passes Assembly Appropriations Committee with Bipartisan Support

SACRAMENTO— Last month, Assemblyman Curt Hagman's (R-Chino Hills) AB 308 unanimously passed the Assembly Appropriations Committee.

"AB 308 is a practical measure ensuring our state's school facility funds are being utilized within the initial intent," said Assemblyman Hagman. "This bill encourages sustainability of state dollars and spending efficiencies, which would keep facility funds for facility use," Hagman added.

Assembly Bill 308 authorizes the State Allocation Board to

establish a program that requires school districts, charter schools, and county offices of education that sell or lease real property to return the portion of state funds that were provided to purchase, construct, or modernize the property.

It is not sound policy to use one-time funds for expenditures that are continuous and ongoing.

This bill will provide a disincentive for educational institutions that sell or lease properties that were purchased, constructed or modernized using state funds to use the proceeds from the sale or lease of those funds for general fund purposes.

Hathaway- Sycamores: a family forever

HATHAWAY from page 1

family. The coworker told Miguel that his wife works at a local agency, Hathaway-Sycamores Child and Family Services, and that they have adoption and foster-family programs.

Miguel, who is now 44, was extremely excited and thought to himself: "Now is the time. If we're going to do something, we need to get moving." Although she didn't share Miguel's immediate enthusiasm, Macrina, 46, agreed to attend a Hathaway-Sycamores Foster Parent Orientation.

Because the Gutierrez's overall goal was to have a permanent family, their first question was: Can fostering a child lead to adoption?

The answer was a resounding "yes." In fact, the Gutierrez's learned that there are currently more than 56,000 children in California's foster care system, with over 13,000 needing an adoptive home. Nationally, there are some 382,000 youngsters in foster care, with about 104,000 available for adoption.

Sensing that foster/adoption was the right path to pursue, Miguel and Macrina began the process to become certified foster parents.

From the first class on, Miguel was impressed with Hathaway-Sycamores' program. "They are so thorough, helpful, open, and honest. They answer all of your questions, and are with you every step of the way." Those steps included training, a home inspection and a home study, which is an in-depth interview of each applicant's motivation to become a foster/adoptive parent and their history. Commenting on Hathaway-Sycamores' program, Macrina says, "They really prepare you well for being a foster parent. They had guest speakers, educational movies, and you had the chance to talk with actual foster parents."

With Hathaway-Sycamores' guidance, Miguel and Macrina received their foster and adoptive parent certification on July 9, 2012. Just 21 days later, on July 30, 2012, Miguel and Macrina became foster "Mom and Dad".

The couple hadn't planned on becoming a family of five, but when they learned the siblings' story, they instantly became committed to keeping the trio together because their young lives already had been so difficult. The oldest

girl, now 6, and her brother, who is almost 4, had been in four foster placements over the last three years. The youngest, a 2-year old toddler girl, had been in foster care since she was four-months old. All had been removed as a result of parental substance abuse and domestic violence.

While Miguel admits that overnight parenthood was "a big shock and a big change," he adds, "Hathaway-Sycamores' support made the transition very smooth. You can literally call them for help any time of the day or night". And that support doesn't end when the children walk through your door. While all three youngsters are truly thriving, the oldest is struggling with memories of early childhood trauma. To help her navigate these painful recollections, Hathaway-Sycamores home-based services provides weekly in-home therapy to the little girl.

While the Gutierrez's have only been a family of five for just short of one year, Macrina observes, "Now, we couldn't imagine life without them." She has also learned, "Being a parent isn't just about giving birth. It's about taking care of the children and showing them that they're loved."

Miguel shares similar sentiments. "I can't imagine our lives any other way," he says. "They've

made such a difference in our lives, and we've made a difference in their lives. They tell us they love us and want to be with us forever." Miguel and Macrina also want the sibling trio to be with them forever, and have been identified by the court as the prospective adoptive home for the children.

There is a pressing need for foster families who are willing to care for a child temporarily, and for foster/adoption families who want to provide a forever home for a child. Foster families come in many forms of race, lifestyle, income and education levels; full-time employees or retirees; home-owners or renters. The crucial requirement is that you're dedicated to helping a child in need. It's also important to know that Hathaway-Sycamores trains, certifies, supervises, and supports its foster families, including weekly social worker visits, along with virtually any home-based services that are needed.

Anyone who has ever considered opening their heart and home to a foster child is urged to contact Hathaway-Sycamores Child and Family Services at 1-888-24-FAMILY ((888) 243-2645), e-mail VirginiaMontoya@hathaway-sycamores.org; or learn more by visiting <http://www.hathaway-sycamores.org>.

Memorial Day weekend DUI arrests

DUI from page 1

fatalities, with 31 percent of all vehicle fatalities caused by a drunk driver.

The LA County Sheriff's Department objective is to send out a clear message by advocating "Drunk Driving, Over the Limit, Under Arrest" to those who are considering driving a motor vehicle after consuming alcohol and/or drugs.

In an effort to reduce the number of persons killed and injured in alcohol involved crashes, DUI checkpoints are conducted to identify offenders and get them off the street, as well as educate the public on the dangers of im-

paired driving.

A DUI checkpoint is an effective and proven method in lowering alcohol related traffic deaths. By publicizing these enforcement and education efforts, the Los Angeles County Sheriff's Department and others experts believe motorists can be deterred from drinking and driving.

Statewide, overall traffic deaths have declined 23 percent from 3,995 in 2007 to 3,081 in 2009 and total traffic fatalities are at their lowest level in six decades. DUI deaths have declined from 1,132 in 2007 to 950 in 2009, which is a decrease of over 16 percent.

Law enforcement officials are continuing DUI efforts throughout the county and region. CHP

throughout the state also had all available officers patrolling freeways and county roads during the Memorial Day weekend.

"Saving lives, reducing injuries, traffic collisions and property damage is important work," said Sheriff Lee Baca in a press release. "Every life is a life worth saving and we will do our utmost to help keep the public safe."

Police, Sheriff and the CHP encourage all motorists to help make your community safer: Report Drunk Drivers – Call 911.

As a driver, plan ahead with these TIPS:

- Arrange rides home for your friends, family, co-workers and yourself before the drinking begins

- Identify and provide free non-alcoholic drinks or other promotional items to the Designated Driver

- Party hosts and servers must limit drinks to your guests or patrons. Don't serve more than one or two over several hours.

- Cut back on the amount of drinks you plan to bring to the party – and provide plenty of food.

Before you drive under the influence, also remember that the high cost of a first time DUI conviction could cost someone anywhere between \$6,000 to \$10,000 when all the potential fines, fees, classes, lawyers, work days missed, and increased insurance for years to come have

been factored in. The LA County Sheriff's Department encourages sober designated drivers.

Funding for "Avoid the 100 DUI" program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.

Avoid programs, named for the number of police agencies in each county in California, will also concentrate crackdowns on the Independence Day holiday period as well as the 18-Day August/Labor Day period.

In recognition that the summer season is among the deadliest time of the year, law enforcement agencies throughout the county will be making every effort to arrest drunk drivers before another life is lost.

Kaiser Baldwin Park Hosts 10th Annual Internship Reception

STAFF REPORTS

Baldwin Park – Kaiser Permanente Baldwin Park hosted its 10th Annual Bassett High School Health Academy Internship Reception on Thurs., May 16 to recognize 19 students that were completing an eight-week clinical internship at the medical center.

These senior high school students were enrolled in the La Puente Valley Regional Occupational Program's health academy class and were provided with a "hands on" opportunity to learn about dif-

ferent occupations and how each role and department interacts and supports the overall operations of the medical center. Each student completed 50 hours as an intern in various departments.

"I am very proud that our physicians and, staff [were] a part of the students journey as they consider a career in health care," says Maggie Pierce, executive director. "It is so encouraging to see the hard work and dedication put forth by these students."

Yaratzen Tovar, a licensed vocational nurse in the podiatry

department at Kaiser Permanente Baldwin Park Medical Center, serves as an example of how this program can help make a student's dream come true. Yaratzen is a graduate of the first health academy class and was a recipient of a \$1,000 scholarship awarded by Kaiser Permanente Baldwin Park Medical Center.

"I always wanted to work in the health care industry so I can help people," says Tovar. "My experience through the health academy internship enabled me to achieve my goals."

Those who attended the event included students, medical center leadership, department administrators, and managers; board members and administrators from Bassett Unified School District; Senator Ed Hernandez, O.D., California State Senate, 24th District, a graduate of Bassett High School; Dr. Marc Jackson, founder of the Bassett Health Academy Internship and Superintendent of Silver Valley Unified School District; and graduates of the internship program.

"It is important to encourage students to continue with their

education. Pursuing a career in health care is ideal because it offers many opportunities and it also enables them to give back to their community," said Senator Hernandez. "I've been involved with the Bassett Health Academy for many years because I believe the program can help guide students in their career path."

One of the highlights of the ceremony was the presentation of a \$1,000 scholarship to a Bassett Health Academy student who is pursuing a hard-to-fill health care career.

JDC Cinephotos-telling your story through their lenses!

JDC from page 1

way to go!

JDC Cinephotos is a multi-function company run by Jose Sandoval. They were also the featured cinematographers at the recent Sheriff Variety Show in Walnut.

JDC focuses on photography as well as cinematography, and are

willing to shoot any kind of event ranging from weddings, birthdays, quinceañeras, and sweet sixteen's, as well as photographic sessions with families and models.

JDC's philosophy is that they believe your event is a story. "We want our clients to feel like they are in a professional movie, not just a video," says Sandoval. "We want our photos to be a captured

painting of you and that moment in your life."

Sandoval and his crew have been filming and photographing for a little over three years, teaming up with several photographers and cinematographers to help tell their clients' stories through their lenses.

JDC started with the simple idea that people's stories are hap-

pening everyday at any event, and they understand how important it is to record those special moments to have for the rest of your life. The team at JDC is ready and willing to work with you to create a treasure that will be cherished in your family for generations.

JDC is currently offering a 15% discount for the first three clients that book them for an event.

It is their way of thanking you for choosing and trusting them with the opportunity and helping them grow in this ever changing industry.

Man charged for murder

MURDER from page 1

canyon.

Kwang Chol Joy, 54, Orange, is charged with one felony count of murder and faces a maximum sentence of 25 years to life in state prison if convicted. Joy is being held on \$1 million bail.

At the time of the crime, Joy was accused of living in an Orange home with 36-year-old roommate Maribel Ramos. The victim was an Army veteran and a student at California State University, Fullerton.

On May 2, 2013, the defendant was accused of getting into an argument with Ramos after she told him to move out of the

home because he was not paying his rent. That night, Ramos was seen on video surveillance dropping off a rent check at the property manager's office. It was the last time she was seen alive.

Sometime between May 2, 2013, and May 3, 2013, Joy is accused of murdering Ramos. He is accused of then disposing of her body off Santiago Canyon

Road.

On the night of May 3, 2013, the victim's friends reported her missing after becoming concerned when she didn't show up for scheduled events. The Orange Police Department (OPD) began investigating this case.

On May 16, 2013, a body was located off Santiago Canyon Road during a search for the

victim. The body was identified by the Orange County Sheriff Coroner as Ramos on May 17, 2013. The cause of death is under investigation.

Joy was arrested May 17, 2013, by OPD at the police station.

Senior Deputy District Attorney Scott Simmons of the Homicide Unit is prosecuting this case.

Medical Plaza project

MEDICAL from page 1

San Antonio Community Hospital, is seeking approval for modifications to the already approved

development plan for a portion of the Eastvale Gateway South retail center.

The center, located on Limonite Avenue just west of the I-15, already has approvals

for several restaurants. The Medical Plaza, which would occupy the lot in front of the recently completed 24-Hour Fitness Center, is proposing a modification that would replace some of the restaurants. Other businesses currently at the retail center include Corky's Kitchen and Bakery, McDonald's, Taco Bell, Wing-Stop, Game-Stop, and Walgreen's.

The Medical Plaza Project is proposing a major review for the development of two two-story buildings, totaling over 69,000 square feet, and 327 parking spaces. The development would be built in two phases, with the first building, 213 of the parking spaces, perimeter landscaping and walkways to be completed initially. The next phase would develop the second building, the remaining 114 parking spaces and the balance of the landscaping. Phase II would begin one to two years after Phase I has been completed, depending on its success.

Since the property is already subdivided into three lots for the originally approved restaurants, the Medical Plaza Project does not configure to the site. They would require approval of a lot line adjustment to the existing parcels.

The proposed Eastvale San Antonio Community Medical Plaza would include a combination of physician offices and outpatient services such as surgery, imaging, labs, physical therapies, cardiac rehabilitation, dialysis, oncology, urgent care, and other health-related options. No emergency rooms or ambulance services would be provided at the site.

Once approved by the Planning Commission, there is a ten day window to appeal (the project will not go to the City Council for approval). There is also a 30-day window to contest the CEQA (California Environmental Quality Act) document, commencing on the date the document is filed with the Riverside County Clerk's Office.
