City Council

Eastvale City Council Report

BY EMILY AGUILAR

This month's council meeting began with an experiment. At Mayor Ike Bootsma's request, the meeting held on Wednesday the 9th began at 7:00 pm rather than 6:30 pm. Bootsma was eager to test two factors as a result of this experiment: one, he wanted to see if the time change would better accommodate the gap between council meetings and budget workshops; and two, he wanted to see how the community would respond to the time change.

Before tending to the sched-

Eastvale Strong: 2016 State Of The City

BY VALERIE GUTIERREZ

The City of Eastvale held their 5th Annual State of the City Address on Tues., Apr. 5, at 7 p.m., at the Eastvale Community Center. The meeting was sponsored

by the San Antonio Regional Hospital.

After welcoming residents, Former Executive Director of Eastvale Community Foundation, Sharyn Link and Pastor Edward Moreno of New Day Christian

Church led the Invocation. Following the opening was the Presentation of Colors by Boy Scout Troop 2012, the Pledge of Allegiance, and National Anthem,

SAN ANTONIO REGIONAL HOSPITAL

Emergency Room vs. Urgent Care

Choosing the Right Medical Care When You Are Ill or Injured.

You have a choice. At San Antonio Regional Hospital, close to 90% of our ER patients don't need to be hospitalized. The ER is definitely the right choice for complex symptoms, but many patients can be adequately served at one of our urgent care centers where our staff provides the same great care.

Great service is available when you need it. In 2014, more than half a million Californians went to the ER for sore throats, colds, flus, and urinary tract infections, which are symptoms that can receive quick treatment at an urgent care center.

And the best news — at all San Antonio Urgent Care locations, you will be treated by the same group of emergency care practitioners as in our ER, and you'll be back home getting better in no time!

The same great board-certified emergency physician leaders direct the care provided at our ER and at all of our urgent care centers.

Benefits of San Antonio's Urgent Care:

- 1 Quick, convenient, quality care.
- 2 Open extended hours.
Monday – Friday: 9 am – 8 pm | Weekends & Holidays: 9 am – 5 pm | Walk-ins Welcome
- 3 Make a same-day urgent care appointment today with **InQuicker**. Visit SARH.org/InQuicker

Three locations to better care for you.

San Antonio has three urgent care locations throughout the Inland Empire region to bring you the care you need.

Eastvale Launches New Public Records Portal

COURTESY CITY OF EASTVALE

Eastvale - The City of Eastvale is excited to announce the opening of a new public records repository using Laserfiche, which will make city documents available to the public online.

Michele Nissen, Eastvale City Manager stated, "The new Laserfiche portal will provide additional accountability, transparency and access by allowing citizens to search through thousands of city documents using simple search terms and key words. Staff has worked hard to create the site for public access to the Laserfiche Repository."

By using the new portal, citizens will be able to follow a link from the city website to a collection of public records and various public documents including City Council and Commission agendas, minutes, and more. Searching through the files will be as easy as surfing the Internet. While we hope the portal will be easy for all users, we have provided detailed instructions and tips for searching through the documents, on the Laserfiche page on the city's website.

"We are excited to provide another tool to assist our citizens to be more engaged and informed with local government operations. We look forward to working with our citizens to assist them in taking full advantage of this new resource," said Nissen.

To access the Laserfiche portal, visit the Laserfiche subpage of the City Clerk's Office on the City of Eastvale website, www.eastvale-ca.gov or visit www.bitly.com/EastvaleCALaserfiche. ■

Bellegrave Ave Closure

COURTESY CITY OF EASTVALE

Oltmans Construction Company will be performing street improvements for Goodman Commerce Center. Please be advised that traffic delays are to be expected.

Location: Bellegrave Avenue between Homecoming and the I-15 Freeway

Duration: April 15 2016 – April 23 2016 (9 Working Days)

Working Hours: 7 AM – 7 PM

Traffic Impacts & Advisories during Construction:

- Bellegrave Avenue over-crossing at I-15 Freeway will be closed in both directions.
- Local access to residences will be maintained at all times.

Please obey all posted construction signs (including the 25 MPH speed limit), use alternate routes as advised, drive safely and do not enter the construction work zone.

For additional information, contact the City of Eastvale Public Works Department at 951.703.4470. ■

Eastvale Strong: 2016 State of the City

State from page 1

sung by talented Eleanor Roosevelt High School jazz students.

After Mayor's Bootsma introduction, the City got right into what has been going on in the City of Eastvale.

Mayor Ike Bootsma led the meeting, which began with a video presentation from each of the Council members: Mayor Bootsma, Joe Tessari, Clint Lorimore and Adam Rush.

Afterwards, Eastvale Planning Director, Eric Norris, took the stage to speak on the major and minor projects that Eastvale is working on. Major projects include the Civic Center, Bicycle Master Plan, and Leal Master Plan. The Leal Master Plan consists of 160 acres in the heart of Eastvale that will include a regional mall, other retail, housing, offices, and a hotel.

"We're really excited for this [Leal Master Plan] project," said Norris.

Norris also provided updates on the future of the Chandler Area Community Vision Plan, stating that they have been working with the Chandler Area to identify community issues and define a long-term vision for the area.

Chandler Area is one of the oldest parts of Eastvale and "much is dedicated to preserve that," Norris said.

City Engineer, George Alvarez, updated residents on the development of fire station No. 31,

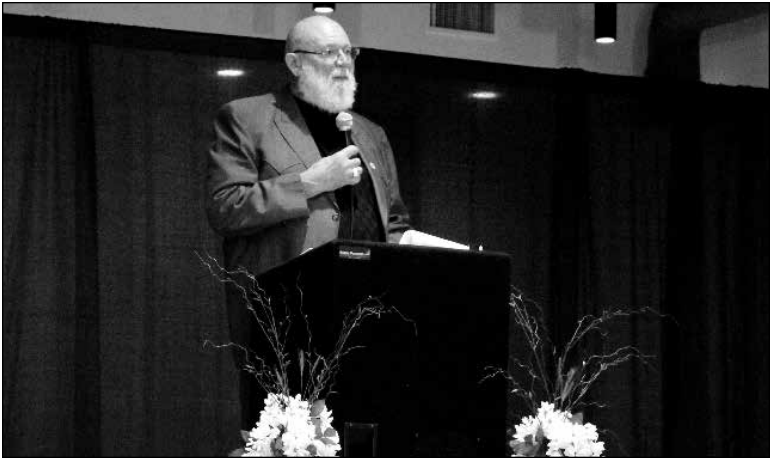

PHOTO BY: VALERIE GUTIERREZ

Mayor Ike Bootsma leading the 5th Annual State Of The City.

which began construction in Jan. 2016. This will be Eastvale's second fire station.

"Work is well underway and is expected to be completed in November 2016," said Alvarez.

Next, they talked about the Bicycle Master Plan that was adopted in Feb. 2016 and a new improved interchange at Limonite and the 15 freeway. The interstate is the gateway to Jurupa Valley and to the City of Eastvale, which will improve by featuring new decorative lights, landscaping, traditional fencing on the bridge, and wider entrances to the freeway.

"If funds come into place we can be under construction by 2018," Alvarez said.

Captain Jason Horton then gave a quick update on the status of the Eastvale Police Department. He stated that Eastvale Police Department is an independent entity; a full-service, 24/7 station.

Horton provided 2015 crime statistics, which included the 25,556 calls for service. He also explained that there is always a patrol in the City, a dedicated traffic team, community service officers, Special Enforcement Team personnel and the City's newest motorcycle officer.

With tears, former Executive Director of Eastvale Community Foundation, Sharyn Link also announced her retirement and stated that Eastvale Community Foundation has been home and family to her. Dawn Hook was announced as Eastvale's new Foundation Director and said she is excited to serve the City of Eastvale.

After a successful meeting, attendees were invited to enjoy free coffee, punch, and desserts, as well as a meet and greet with Mayor Ike Bootsma, City Council Members, City of Eastvale Departments, Business Partners, and event sponsors. ■

Eastvale city council report

Council from page 1

ule change, the meeting began with a closed session, where in which the council discussed the performance evaluation of City Manager Michele Nissen and two conferences with legal counsel regarding an existing litigation and an anticipated litigation. After the two-hour closed session, a majority of audience members had left. A sense of awkwardness filled the air as the council overlooked the mostly empty seats.

The first item on the agenda was a Public Safety Commission update. Recently, individuals have been racing around Citrus and Scholar during school hours, which has stirred concern in the community. At the Public Safety meeting, citizens addressed not only the speeding, but also vandalism that has been occurring in neighborhoods. One resident pitched the idea of setting up cameras to find the perpetrators. Other concerns, specifically at the high school, are crosswalks and the heavy traffic on the streets. Community residents are looking forward to working with the city and the school in order to help the students be safe.

Next on the agenda was an update on the civic center/library project. Since August 2015, a library subcommittee has sought to build a new library and a city

hall. The main discussion on this topic was determining where these new buildings will be located. There are now five possible locations being considered for the new civic center, all of which span from 9 to 16 acres. Before any action is taken, staff requested that the council bring back their contract agreement with the Riverside Economic Development Agency (EDA) to help in choosing, funding, and ultimately purchasing a plot of land to develop the civic center. The EDA has had a positive history with Eastvale developments; for example, they helped choose and purchase the land for the developing Fire Station 31. The council motioned to set up a contract discussion for the next council meeting.

The council quickly approved a construction update on Fire Station 31. Horizons, the current construction team for this project, has been paving, making concrete footings for walls, and establishing building pads. Within the next 6 weeks, city staff will grant the Fire Station Street Improvements bid package to help with further construction. Ultimately, Horizons intends to complete their phase of the 300-task schedule by December 5th. Council received and filed this information.

The council then addressed the outcome to their time change trial. The time change had a negative impact because the closed

session, which typically lasts about thirty minutes, ended up lasting two hours. Because the audience was left alone for such a long time, most of them grew impatient and left by the time the council had returned. The council decided to have closed session meetings at the end of the regular 6:30 meetings.

Moving on to Council Communications, Council Member Rush discussed the possibility of distributing newsletters to the city residents in order to pass on information about local events. Mayor Pro Tem Tessari also proposed the idea to see if the city could re-implement creating an infrastructure financing district. If feasible, staff will look into it. The meeting was adjourned to 3 o'clock on Friday.

Two weeks later, on March 23, the meeting began with a series of good-byes and a distribution of recognition awards. Bill Link celebrated his retirement from the council that evening. While receiving a recognition award, Link shared a few affectionate jokes and words with the councilmen, who were "really appreciative of all [his] hard work" over the past two years. Also leaving her position with Eastvale was Code Enforcement Officer Allynn Evans, who would be moving to Texas. Bootsma, a former Texan

Eastvale Relay For Life Event

CITY OF EASTVALE

On April 30, 2016, hundreds of Eastvale residents will join together at the American Cancer Society Relay For Life of Eastvale to help save more lives from cancer. The event will take place from 9 am to 9 pm on Saturday, April 30 at River Heights Intermediate, located at 7227 Scholar Way in Eastvale.

“The Relay For Life movement unites communities across the globe to celebrate people who have battled cancer, remember loved ones lost, and take action to finish the fight once and for all,” said Annalynn Neve-Wiltjer, American Cancer Society staff partner for the Eastvale event. “Relay For Life events are community gatherings where teams and individuals camp out at a school, park, or fairground and take turns walking or running around a track or path. Teams participate in fundraising in the months leading up to the event.”

The Relay For Life movement is the world’s largest fundraising event to fight every cancer in

every community, with four million participants in 6,000 events worldwide in 2015.

Dollars raised help the American Cancer Society save lives by funding groundbreaking cancer research, supporting education and risk reduction efforts, and providing free information and critical services for people with cancer who need them. Many cancer patients throughout Orange County have used the Society’s free patient services, including Road to Recovery, Look Good Feel Better, Lodging, the cancer.org website, and the 24-hour Cancer Information Service at (800) 227-2345. Through the Society’s groundbreaking research program, 46 ACS-funded scientists have gone on to win the Nobel Prize.

Nearly 30 Relay For Life events will take place in the Inland Empire in 2016, including Eastvale, Corona, Jurupa Valley, Riverside, La Sierra, Menifee, Murrieta, Perris, Moreno Valley, Lake Elsinore, Hemet, Temecula, UC Riverside, San Jacinto, Yucaipa, Mira Loma, Upland, San

Gorgonio Pass, Fontana, Rancho Cucamonga, Ontario, Chino, Victorville, Hesperia, Apple Valley, Big Bear, Colton, Cal State San Bernardino, Highland, Redlands, Rialto, San Bernardino, University of Redlands, and more.

Cancer survivors, family members, friends, community groups, and worksites who would like to take action this year can participate by making a team or donating to the Relay For Life of Eastvale. Visit relayforlife.org or RelayForLife.org/EastvaleCA to learn more about the event, or contact Annalynn Neve-Wiltjer at (951) 300-1217 or via email at Annalynn.Neve-Wiltjer@cancer.org. ■

CDA Water Line Construction - Revised Schedule

CITY OF EASTVALE

Due to unforeseen field conditions at Harrison Avenue and 65th Street intersection, the project is currently on hold while waiting for pipeline delivery, installation and testing. The schedule will be delayed for several weeks until approximately mid-April 2016.

The traffic signal will operate normally, but will be on flashing red during construction. Please be advised that traffic delays are to be expected.

Construction is tentatively scheduled for April 15-22, 2016, between the hours of 8:30 a.m. and 3:30 p.m.

Traffic Impacts & Advisories during Construction:

- Partial Northbound and Southbound lane closures on Harrison Avenue at 65th Street with one lane open in each direction at all times
- Local access to residences to be maintained between 65th Street and Limonite Avenue
- Intermittent Westbound lane closure at 65th Street
- Traffic signal on flashing red at Harrison Avenue and 65th Street

Please obey all posted construction signs (including the 25 mph speed limit), use alternate routes as advised, drive safely

and do not enter the construction work zone.

Following the water line project, the Southern California Gas Company will be installing high-pressure gas lines within approximately the same vicinity. City staff has been coordinating these two projects closely in order to minimize impacts to traffic and the community. Water line trench pavement will be repaired, however the final street pavement will be delayed until after the Gas Company completes the project.

For additional information, contact the City of Eastvale Public Works Department at 951-703-4470. ■

Eastvale ZIP code in the works

Zip from page 1

Eastvale. The bill is H.R. 4634 and that is its sole and only focus. Legislative staff has had preliminary conversations with the committee of jurisdiction and they have been receptive to the legislation.

Eastvale residents have been sharing ZIP codes with residents from Corona and Mira Loma for several years. Eastvale requested a ZIP code change in April 2011 that was denied, U.S. Postal Service spokesman Richard Maher said. Calvert’s office has contacted the U.S. Postal Service several times on

behalf of Eastvale but has been told that financial considerations play into establishing a new ZIP code.

“The fiscal challenges at the Postal Service seem to dissuade them from taking any action to address Eastvale’s ZIP code issue,” Jason Gagnon, Congressman Calvert’s communication director says.

“I continue to hear from Eastvale residents and business owners who are frustrated by the fact that the city does not have its own, unique ZIP code,” Calvert said in a statement. “It shouldn’t take an act of Congress for an incorporated city of Eastvale’s size to get its own

ZIP code – but if it does, then I’m happy to lead that charge.”

“As it stands now, people think we’re part of Corona or Mira Loma,” Eastvale Mayor Ike Bootsma said. “There are even people who live in Eastvale who think we’re part of Corona or Mira Loma. “Having our own ZIP code gives an identity to the city.”

Congressman Calvert is attempting to schedule a meeting with the Postal Service District Manager for this region. On the agenda for that meeting will be the issue of the outdated route study for the Eastvale area as well as the ZIP code issue to explore any solution that may avoid the need for legislation. ■

Call Melanie at State Farm!

Melanie from page 1

sional service.

A State Farm Agent since 1985 and a Corona resident since 1971, Smith-Rice understands the needs of the community and has worked hard to provide a palette of services that makes one-stop-shopping easy and affordable. Along with Auto insurance, Smith-Rice provides Home Owners and Renters Insurance.

“A home is a big investment, so let’s make sure you have enough coverage at the right rate,” says Smith-Rice. As well, protecting your personal property may be more affordable than you think. “The average person has over \$200,000 worth of stuff that is probably not covered under your landlord’s policy. That’s where our State Farm Renters insurance comes into play,” she adds.

More important than the care of your property is the care of your family. Along with Life Insurance, the Melanie Smith-Rice State Farm

Office can provide various types of health insurance, including Long-Term Care should you become unable to care for yourself.

And for the business owner, Smith-Rice says, “I understand the needs of a business owner like you. Together we can help protect your business and plan a roadmap for your financial future.

As if all this weren’t enough, the Melanie Smith-Rice State Farm Office can provide you with financial services such as Mutual Funds, Annuities, and even Banking (yes, Banking!), including Bank Accounts, Credit Cards, and Loans.

Don’t wait another minute to help ensure your family’s well being. Call the Melanie Smith-Rice State Farm Office today, and get peace of mind in return. A staff of professional experts is standing by at (951) 734-5290, or Toll-Free at (888) 734-5292. They are located at 2027 River Road in Norco, in the Stater Bros. shopping center at Second Street and River Road. ■

PHOTO COURTESY: ERHS

21 Eleanor Roosevelt High School Mustang seniors have been accepted to UC Davis this year. Sheryl Blackshire, a UC Davis representative, flew down to congratulate the group.

Auburndale Intermediate Shines

COURTESY OF CNUSD

Corona - As Auburndale Intermediate School began to prepare for their Trimester 2 Awards Assembly, they realized they had a problem. They had too many students that qualified for the award to host only one assembly. The school recently converted their trimester awards to a GPA-based Honor Roll system. This change, along with a more focused effort on the part of students, families and staff, has resulted in 271 students qualifying for either Principals Honor Roll or Honor Roll.

The standard for Principals Honor roll is 3.5-4.0 and for Honor Roll it is 3.49-4.0. Overall, 57% of the students in the school qual-

AIS Pre-AP class

PHOTO COURTESY: CNUSD

ified for one of these honors, with 59% of 8th graders qualifying and 55% of 7th graders qualifying.

The key to the change, according to Principal Ben Sanchez, has been, "intentional instruction, strategic support and intervention programs, improved connections with students and families, and im-

proved school engagement by the students due to elective programs like music, AVID, and STEM. We are thrilled to have this problem!"

The 8th grade Trimester 2 Honor Roll Assembly will be held on March 18th at 1:00 p.m. The 7th grade assembly will be held on March 21st at 1:00 p.m. ■

More Students Qualify For Diplomas

COURTESY OF CNUSD

Corona/Norco - On October 7, 2015, Governor Brown signed Senate Bill 172, suspending the administration of the California High School Exit Exam (CAHSEE) as a condition of receiving a diploma of graduation or a condition of graduation from high school. The bill provides for the granting of a diploma of graduation from high school to any pupil who completed grade 12 during the years in which the CAHSEE was in effect, and has met all applicable graduation require-

ments other than the passage of the high school exit examination. With the passage of this bill, the effective date of granting the diploma can be no earlier than January 1, 2016.

Please assist us in spreading the word and notifying former CNUSD students who may be eligible to receive their high school diplomas. The Corona-Norco Unified School District staff is committed to granting high school diplomas to **all** eligible persons. We are currently in the process of reviewing transcripts to verify that all graduation requirements of the se-

nior year when you were enrolled.

If you or someone that you know are eligible to receive a Corona-Norco Unified School District high school diploma, submit it either online, or in person to the CNUSD Student Services Office, located at 2820 Clark Avenue, Norco, CA 92860. After the high school transcript is evaluated, and it is determined that you have fulfilled all graduation requirements, you will be notified and mailed the diploma to the address you provide. If you have questions, please call the Student Services office at 951-736-5111. ■

VantagePoint Helps Feed Needy Kids

BY PASTOR ADAM DECORTE

Eastvale - During the month of April, VantagePoint church will be providing nutritious meals for children and families in need.

Did you know that over 795 million people in the world don't have enough food to lead a healthy, active life? That's 1 out of every 9 people on Earth.

We make a donation to a Kingdom-building cause every time our community checks in on Facebook. It's a great way to tell your friends about VantagePoint Church and do some good in the process. If you need some help checking in on Facebook, just ask any of our staff members and we'll show you how. Every 2 Facebook check-ins at VantagePoint church will provide 1 meal to a child in need through a faith-based non-profit

PHOTO COURTESY: VANTAGEPOINT CHURCH FACEBOOK PAGE

called feedONE.

feedONE has 146,676 children enrolled in their Children's Feeding Initiative and provides meals to children in El Salvador, Haiti, Honduras, Kenya, Nicaragua, the Philippines, Ethiopia, South Africa, Guatemala, and Tanzania. To learn more about feedONE, check out their site at: <https://feedone.com>.

When you check in on Facebook, make sure to add #meals4kids to your posts. It's a great way to remind your friends of why you're checking in. Remember, your Facebook check-ins not only provide meals for children, they also gently invite your friends to participate in our church community. Thank you for getting involved! ■

Norco College turns 25!

Norco from page 1

in the area in the early 1970s. On June 4, 1985, that dream was realized when more than 141 acres of U.S. government-owned land—the site of what would become Norco College—were acquired by RCCD for one dollar to build a satellite campus.

The campus was expected to open in 1989, but funding and construction delays pushed the date to 1991. On March 13 of that year, two classrooms in the Student Services and Little Theatre buildings were ready for students, and about 15 short-term classes in economics, philosophy, public speaking, and a handful of other traditional academic disciplines were held on campus that spring semester. (Approximately 100 other classes that began in January were taught in Norco area high schools and a church, as they had been for years.) The formal opening of the full campus (with two more classrooms: Science and Technology and Humanities) took place in the fall of 1991—coinciding with the 75th anniversary of Riverside City College.

The celebration, which included music, a snow cone truck, a birthday cake and real horses, brought in to represent the Norco Mustangs, was just part of the fun for students. A large group of students had their photo taken on the quad as they stood in the shape of the number “25”.

Norco College freshman Jennifer Lyn, who was part of the photo, said that she “loves Norco College and its small feel. All of the teachers and staff truly want to help students succeed.”

A time capsule left by the 1991-1992 Norco student body was opened on March 10. Math Professor Bob Prior, who was also the Student Activities Coordinator in the early years of RCC's Norco Campus, led the unveiling with special guest Pedro Arguendo, retired Grounds staff, who helped bury the time capsule in the 1990's. Included in the capsule were Norco College flags, a university-edition Bible, a student I.D., a photo CD and a convocation booklet, among other items.

On March 12, Norco College continued its 25-Year Anniversary celebration with a western-style jamboree that included individuals from the cities of Norco and Corona, RCCD Board of Trustee members, and current and past employees of the college. ■

Healthy Living

Recipes:

Seared Steak with Pan- Roasted Grape & Port Sauce

COURTESY OF EATINGWELL

This recipe for quick pan-seared steak with a savory-sweet port wine and grape sauce makes a delicious weeknight dinner. Using grass-fed steak can make it even healthier.

Ingredients

- 1 - 1 1/4 pounds boneless strip steak (about 1 inch thick) trimmed
- 1/2 teaspoon kosher salt, divided
- 1/4 teaspoon freshly ground pepper
- 1 tablespoon extra-virgin olive oil, plus 1 teaspoon, divided
- 1 cup seedless red grapes
- 1/4 cup diced shallot
- 1 1/2 teaspoons all-purpose flour
- 1/4 port wine
- 1/4 cup reduced-sodium beef broth
- 1 teaspoon chopped fresh thyme

Preparation

1. Pat steaks dry and cut into 4 equal portions. Sprinkle with 1/4 teaspoon salt and pepper. Heat 1 tablespoon oil in a large skillet over medium-high heat until very hot, but not smoking. Add the steaks and cook until browned on the bottom, 2 to 4 minutes. Turn over, reduce heat to medium-low and cook to desired doneness, 3 to 5 minutes for

PHOTO COURTESY: EATINGWELL

medium-rare. Remove the steaks from the pan and set aside, covered with foil.

2. Heat the remaining 1 teaspoon oil in the pan over medium-low heat. Add grapes and cook, stirring occasionally and pressing down on them with the back of a spoon, until the grapes are brown in spots and mostly broken down, 4 to 6 minutes. Add shallot and cook, stirring, until fragrant, about 1 minute. Sprinkle with flour and stir to coat. Add port, broth, thyme and the remaining 1/4 teaspoon salt. Increase the heat to medium-high and cook, stirring and scraping up any browned bits, until reduced and thickened, 2 to 3 minutes. Serve the steaks with about 3 tablespoons sauce each.

Nutrition Per serving:

246 calories; 10 g fat (3 g sat, 6 g mono)

Makes:

4 servings, 3 ounces steak & 3 tablespoons sauce each

Total Time: 20 minutes

Foods To Always Buy Organic

COURTESY OF
DR. ANDREW WEIL

The Environmental Working Group (EWG), a nonprofit organization that advocates for policies that protect global and individual health, is trying to spread the word about one of its most valuable pieces of research - a Shoppers' Guide to Pesticides in Produce. The 2015 version is based on the results of pesticide tests performed on produce and collected by federal agencies from the past nine years.

Nearly all of the data used took into account how people typically wash and prepare produce - for example, apples were washed and bananas peeled before testing. The following "Dirty Dozen Plus" had the highest pesticide load, making them the most important to buy organic versions - or to grow them organically yourself:

- Apples
- Peaches
- Nectarines
- Strawberries
- Grapes
- Celery
- Spinach
- Sweet Bell Peppers
- Cucumbers
- Cherry Tomatoes
- Snap Peas (Imported)
- Potatoes
- Hot Peppers
- Kale
- Collard Greens

PHOTO COURTESY: DR. WEIL

Why should you care about pesticides? The EWG points out that there is a growing consensus in the scientific community that small doses of pesticides and other chemicals can have adverse effects on health, especially during vulnerable periods such as fetal development and childhood.

Also keep in mind that maintaining your family's

health is not the only reason to choose organic food. Pesticide and herbicide use contaminates groundwater, ruins soil structures and promotes erosion, and may be a contributor to "colony collapse disorder," the sudden and mysterious die-off of pollinating honeybees that threatens the American food supply. Buying or growing organic food is good for the health of the planet. ■

Tips from Deputy Myers

How can I start or join a Neighborhood Watch near my home?

By DEANNA MYERS

This is still a hot topic, so I thought a refresher would be beneficial.

There are six basic steps to getting a neighborhood watch program started within your community.

Step 1 - Create Awareness. Start a buzz in the neighborhood about keeping it safe. Many people nowadays, with all the modern technology, have started to disconnect from their neighbors. Communication starts with a wave and a smile, followed by starting to talk about your concern for continued safety within your community.

Step 2 - Organize Volunteers. Once you have started a buzz, neighbors often begin sharing

their personal information in order to become more involved. Gather their information and set up a neighborhood meeting with them.

Step 3 - Coordinate with Law Enforcement- this is where I come in. I will provide a short Power Point presentation and an activity for your neighbors. I will give them the tools they need to combat current issues in the neighborhood and keep those issues from returning.

Step 4 - Identify Concerns, Issues and Problems. Once the group has been formed and they have had time to think about the new tools they have been given, it's time to discuss where the problems are in your neighborhood. It is best to prioritize the concerns of the volunteers so they can all get addressed in a timely manner.

Step 5 - Develop Strategies. Six heads are better than one. As your group comes together, you can start to come up with ways in which to deal with issues. Having additional people from different backgrounds that come with dif-

ferent resources can be invaluable in eradicating problems in your neighborhood.

Step 6- Action Steps. Depending on the severity of the problems that arise in your neighborhood, there are several different ways to attack the issues. Planning activities such as clean-up days, neighborhood patrols, and joining social groups such as www.nextdoor.com are just a few of the ways to bring your neighborhoods closer and keep people involved. IF YOU SEE SOMETHING SAY SOMETHING!

Deanna Myers is the Volunteer and Programs Coordinator for the Jurupa Valley Station of the Riverside County Sheriff's Department that services the Eastvale Police Department. She has been with the Riverside County Sheriff's Department for about eight years, and most recently was assigned to patrol within the City of Eastvale before moving into her current position where she is in charge of the Neighborhood Watch program for the City of Eastvale. ■

K9 Claud Receives Vest

COURTESY OF THE CORONA PD

Corona - Corona Police Department's K9 "Claud" has received a bullet and stab protective vest thanks to a charitable donation from non-profit organization Vested Interest in K9s, Inc. The vest was sponsored by Hausman Family Foundation of CA and is embroidered with the sentiment "This gift of protection provided by the Hausman Family Foundation".

Vested Interest in K9s, Inc. is a 501c(3) charity located in East Taunton, MA. whose mission is to provide bullet and stab protective vests and other assistance to dogs in law enforcement and related agencies throughout the United States. The non-profit was established in 2009 to assist law enforcement agencies with this potentially lifesaving body armor for their four-legged K9 officers. Since its inception, Vested In-

terest in K9s, Inc. provided over 1,700 protective vests, in 49 states, through private and corporate donations, at a cost of over 1.6 million dollars. All vests are custom made in the USA by Armor Express in Central Lake, MI.

The program is open to dogs actively employed in the U.S. with law enforcement or related agencies who are certified and at least 20 months of age. New K9 graduates, as well as K9s with expired vests, are eligible to participate.

The donation to provide one protective vest for one law enforcement K9 is \$1,050. Each vest has a value between \$1,795 - \$2,234, a five-year warranty and an average weight of 4-5 lbs. There are an estimated 30,000 law enforcement K9s throughout the United States.

For more information or to learn about volunteer opportunities,

PHOTO COURTESY: YORBA LINDA P.D.

please call 508-824-6978. Vested Interest in K9s, Inc. provides information, lists events, and accepts tax-deductible donations of any denomination at www.vik9s.org or mailed to P.O. Box 9 East Taunton, MA 02718. ■

Eastvale Crime Recap

STAFF REPORTS

Our local Sheriff's Department have done a great job catching suspects that have committed crimes in the surrounding area. Below is a recap of the suspects that were recently arrested.

On Sunday, March 13, at 10:51 p.m., an assault with a deadly weapon occurred at a business in the 9600 block of Mission Boulevard, Jurupa Valley. An adult male victim who sustained a non-life threatening injury, was transported to a nearby hospital for medical treatment.

After investigators conducted an extensive investigation, they identified the suspect as Arturo Hernandez Camarena (age 42 of Grand Terrace). On April 8, 2016, Camarena was arrested for attempted homicide. This investi-

gation is ongoing and anyone with additional information is asked to contact Investigator Ted Gonzales at the Jurupa Valley Station at 951-955-2600.

On Monday, April 4, Eastvale Police reported that three suspects were arrested for multiple robberies, thefts, and vandalism since November 2015. The crimes were related to theft of packages, theft from unlocked vehicles, and vandalism within a relatively small area within the city of Eastvale.

After an extensive investigation was conducted over a period of several months, the Eastvale Police Department arrested Ryan Filkins (age 18 of Eastvale) for felony warrants and bringing a controlled substance into a jail; Robert Filkins (age 18 of Eastvale) for felony warrants; and Aaron Al-

len (age 23 of Eastvale) for felony warrants. Charges against all three suspects are being sought related to the thefts, reports of vandalism, and a strong-arm robbery. Anyone with additional information regarding these incidents are encouraged to call Deputy Ramirez at (951) 955-2649.

On April 5, at 2 p.m., a Riverside man was arrested for exposing himself while walking east on Mountain Avenue and walking south on Hamner Avenue, in the city of Norco. Patrick Cumpton (age 22 of Riverside) was arrested for indecent exposure and four outstanding arrest warrants. Cumpton was booked at the Robert Presley Detention Center.

Citizens are encouraged to call 911 when they believe a crime is being committed. ■

Eastvale council report

Council from page 3

himself, gave Evans his blessings. The last series of awards were given to two Riverside Police Department officers, Officer Jackson and Officer Merrell, for having effectively responded to an attempted theft and assault case, which ultimately saved the lives of a local couple.

The Community Foundation Update was about preparation for April 5th's State of the City event. Afterwards, the Public Safety update once again addressed the racing problem off Citrus and Scholar. Residents are concerned for their children's safety, and the Community Foundation is doing their best to assuage the citizens' concerns.

The Student Liaison update was delivered by Ayo Banjo, who stated that ERHS was holding an open house event that evening. Also occurring at Roosevelt was the 4th annual Relay for Life Event, expected to be held on April 30th. In other school news, Eastvale Elementary was set to celebrate its 10-year anniversary soon.

During the Public Comments, Linda Cerone took the podium to make two announcements. Her first announcement was an invitation to National Prayer Day,

which will be held on May 5th at the Eastvale Community Center. Cerone also encouraged the audience to partake in the Relay for Life event, which is a cancer fundraising event.

Before concluding the meeting, City Manager Michele Nissen briefly announced that ERHS would be holding their Every 15 Minute event on April 5th. She also stated that on Thursday March 24th, the city would begin work with the grant writer they had recently hired. Following Nissen's topics was an announcement regarding a problem with the CDA Waterline Project. That afternoon it was discovered that a steel plate is interfering with the base waterline. It will most likely stunt progress on the project for the time being. Moving onto the Committee Reports, Lorimore asked council and staff that they prepare to "move forward" in finding someone to fill in Link's now empty seat. The councilmen agreed to focus on this idea in the next meeting. There was an announcement that there will be a SCAG meeting for District 4 at the Riverside County Administration Center. Bootsma once again invited the audience to visit Roosevelt on April 5th for their Every 15 Minute event, and the meeting was adjourned. ■

The Approval Addiction

BY PASTOR MARK LEE

Last month, a satirical video of Ben Affleck created a buzz when it was posted online. The short clip spotlighting the Batman vs. Superman star's melancholic response to his movie's negative reviews quickly went viral. Millions of viewers were drawn to "Sad Ben Affleck" because it comically combines images of the actor's downtrodden expression with the sorrowful strains of a popular song. Of course, the video's appeal also stems from the fact that everyone

understands the disappointment that comes with disapproval. The disease to please infects us all. Whether you are a mother cooking a meal, an employee preparing a report, or a pastor preaching a sermon, everyone enjoys receiving positive feedback. In the same vein, it can be extremely disheartening to invest your time and effort into something only to receive less-than-stellar reviews (Right, Ben Affleck?) While the need for approval can drive us to accomplish great things, it can also have negative results. Anxiety, fear of failure, avoidance, and exhaustion can occur when we work hard to please others. An acquaintance recently ex-

plained her absence from social media by stating, "I realized I was looking for approval in all the wrong places." This statement is universally true. In our quest to receive "likes" from the world, we often fail to question whether our actions would be pleasing to God. 2 Timothy 2:15 instructs, you must "Do your best to present yourself to God as one approved, a worker who does not need to be ashamed and who correctly handles the word of truth." Doing so may not turn Batman's frown upside down, but it could sure help me! *VantagePoint Church meets at Roosevelt High School on Sundays at 9:00 and 11:00 a.m. ■*

A New Identity

BY PASTOR ROBERT JEWETT

While some of us have tried our best to maintain our reputations, others have just flat out blown theirs. Regardless if our reputation is solidly intact or if it has become like a stained garment that everyone has noticed, the gospel changes everything. You see, no matter how hard you try to "be good", your sin still separates you from God. No matter how "bad" you have been, your sin is not beyond the forgiveness of God. God's revealed Word to us

clearly informs us that there are none who are righteous because all have sinned and fallen short of the glory of God (Rom. 3:10-12, 23). God does not measure what we perceive as our "bad" and our "good" and determine whether or not we merit forgiveness and eternity with him. No matter how much "good" we think we have done, we have all broken God's law and therefore deserve God's righteous judgment. Friend, the only one who is good is God. He alone is merciful and loving and draws man unto himself to receive his grace and forgiveness of sins. He calls us to repent from our sins and to place our hope and trust in Jesus Christ. When we

do this, we get a new identity. No longer do we represent ourselves...we now represent Jesus. God's word says, "Therefore, if anyone is in Christ, he is a new creation. The old has passed away; behold, the new has come" (2 Cor. 5:17). If you have repented of your sins and placed your trust in Jesus, live out your faith for the glory of God. If you have yet to repent and trust in Jesus, I encourage you do so now and start your new identity in Christ today. *Lakeshore City Church meets Sundays at 10:00 a.m. at Circle City Center (formerly Fender Museum), 365 N. Main St. in Corona. For more information, visit lakeshorecitychurch.com. ■*

Follow Me

BY PASTOR TIM EATON

I recently had the opportunity to watch The Hunger Games: Mockingjay – Part 2. The movie follows the journey of Katniss Everdeen, as she prepares to wage war on President Snow. Throughout the film, she is used by various powers because she is someone to follow. People of all ages, from all walks of life, see the truth in her, and multitudes follow her

with complete faith. Unless you are a trailblazer like Katniss, most people want someone to follow. You might even say we need someone to follow; someone to believe in. But WHO or WHAT are you following? Your friends? Social Media? Your hopes and dreams? Are these things providing you with what you need? And, most importantly, are they reliable and truthful – or will they only use you? In Matthew 16:24, Jesus told his disciples, "If anyone would come after me, let him deny himself and take up his cross and follow me." Throughout his time

on earth he encouraged people with truth. He came into the world not to condemn the world, but so that the world would be saved through Him – and he lived his life as a shining example of who to follow. Join us as we follow Jesus, every Sunday at 10 a.m. Come, and find the truth. "Then you will know the truth, and the truth will set you free," (John 8:32). *Edgewater Lutheran Church meets Sundays at 10 a.m., worshipping at Harada Elementary, 12884 Oakdale Street, Eastvale, CA, 92880; www.EdgewaterLutheran.org. ■*

Don't Give Up

BY PASTOR DENNIS MORALES

"And let us not grow weary while doing good, for in due season we shall reap if we do not lose heart." - Galatians 6:9. Thomas Edison was the most prolific inventor in modern times—perhaps ever. He made scores of attempts to invent the light bulb. After an unsuccessful effort, one of his associates said, "Well,

you have failed again." "No," replied Edison, "I have succeeded again. I now know another way how not to invent a light bulb." After 10,000 attempts, Edison had every reason to be discouraged. However, he had the ability to turn what many saw as failure into fuel for success. God's desire for you is to succeed and be fruitful in life. The Devil would have you to focus on the failure and measure success by world standards. This can be exhausting. Whether it is a ministry, a business, a college plan, being

a teacher, or being a parent, be faithful in what you do. God reminds us that success will come, if we don't lose heart. Sometimes to appreciate success, we may experience pressure or failure. Dwell on the blessing to come. In nature, as well as in our lives, there are different seasons. We have seasons to plow and seasons to reap blessing. Remember it was "Jesus, for the joy that was set before Him, endured the Cross" (Hebrews 12:2). The joy Jesus had was in knowing He would soon be seeing victory over death and the

The Resurrection

BY PASTOR ED MORENO

After just celebrating Easter, it dawned on me that there might be those in our city who are not Christians, and who may be wondering why the followers of Jesus make such a big deal about the resurrection. It is to such curious minds that I humbly offer this brief explanation.

Jesus made a lot of claims. He claimed to be divinity – the very Son of God. Jesus claimed to be the only way to God. Jesus said that He came to die in our place-to pay the just penalty for our sins. He said that if we accept what He did on our behalf and commit to follow Him as the Master of our lives, that we could then be justly forgiven, reconciled to God, and receive the promise of eternal life with Him in heaven. But what proof do we have that what Jesus claimed, said, and promised is true? The resurrection is that proof. What other religious figure ever said he could die for our sins; was willing to die for our sins; and that he would resurrect after three days of confirmed bio-

logical death to demonstrate that he really does have power over death, and because of that, can resurrect us to new life as well? The resurrection is the "proof in the pudding" so-to-speak, that Jesus is who He claimed to be; that what He said is true; and that He can do what He promised to do. Now if it could ever be shown that the resurrection did not literally happen, then Christianity would crumble, disintegrate, collapse, and go completely out of existence because the resurrection is the very lynchpin upon which the whole Christian faith stands or falls. This is why the resurrection is so important. And since the resurrection of Jesus is an irrefutable historical fact, it should come as no surprise that every year we Christians can be found celebrating and making a big deal about it. If the religious leader you are following did not resurrect, a question you may want to consider asking is this: "What's the proof that what he/she said and taught about the afterlife is true?" *New Day Christian Church meets Sundays at 9:30 and 11 a.m. They are located at 7155 Hamner Avenue, at Schleisman Road. For more information, visit www.newdaycc.net. ■*

Keep Going

BY PASTOR ROB NORRIS

"For our struggle is not against flesh and blood, but against the rulers... the powers... the world forces of this darkness." - Ephesians 6:12

Whether you realize it or not, you are engaged in a spiritual battle every day. You live in a culture that is increasingly hostile to your faith. The devil and those who promote his self-indulgent agenda are relentless in their assault on your mind and affections. You can't afford to drop your guard for a minute. Here are some suggestions for surviving—and thriving—in the battle:

1. *Don't engage the enemy alone.* Ephesians 6:10 says, "Be strong in the Lord and in the strength of His might." Whatever temptations you're facing right now, it is His strength alone—not yours—that can see you through. Keep on surrendering blessing of lasting relationship with you. It's a great privilege to do Gods work. Don't grow weary. "You can do all things through Christ who strengthens you." (Philippians 4:13) *Calvary Chapel Eastvale meets Sundays at 10:30 a.m.; and Wednesdays at 7 p.m., at Clara Barton Elementary (7437 Corona Valley Ave., Eastvale). Visit their website at www.CalvaryEastvale.org. ■*

daily to the Master. 2. *Employ every piece of your spiritual armor.* As Ephesians 6:13 says, to resist the schemes of the devil, you must "take up the full armor of God." Not just the belt of truth, but also the shoes of His gospel, the breastplate of His righteousness, the shield of faith, the helmet of His salvation and the sword of His Spirit—the Word of God (see verses 14-17). Don't head off into battle without them. 3. *Go on the offensive.* It's not enough just to play defense. Though people without Christ may seem fulfilled and self-satisfied, the truth is that they need to know God's forgiveness. 4. *Quit wasting time.* You and I are fighting for the soul of future generations. So turn off the television. Put down the sports page. Unplug from the internet. The consequences of your life are too eternal to waste on forgettable moments. Never forget that your marriage is taking place on a spiritual battlefield, not on a romantic balcony. Help one another maintain your "war footing." If you do, you won't be a casualty. **Live It:** Identify two or three areas where the constant pull of the world has been wearing down your spiritual sharpness lately. Talk about what you need to do. **Pray:** Pray for strength when you're weak, attentiveness when you're tired and new discoveries of what it means to put your trust in God. *The Crossings meets Sundays, 10 a.m., at River Heights Intermediate, 7227 Scholar Way, in Eastvale. For more information, visit atthecrossings.com. ■*

Did You Know?

Can you drive blindfolded?

STAFF REPORTS

Is distracted driving really a problem? YES! 80 percent of vehicle crashes involve some sort of driver inattention. Up to 3000 people nationwide are killed in crashes where driver distractions are involved, and thousands more are injured.

Distraction occurs any time you take your eyes off the road, your hands off the wheel, and your mind off your primary task: driving safely. Any non-driving activity you engage in is a potential distraction and increases your risk of crashing.

According to the CHP, sending or reading a text takes your eyes off the road for 5 seconds. At 55 mph, that's like driving the length of an entire football field, blindfolded. Texting is the most alarming distraction because it involves manual, visual, and cognitive distraction simultaneously.

Some people still don't know how dangerous distracted driving is. Others know about the risks of texting and talking while driving, but still choose to do so

PHOTO COURTESY: THE NEWS & ADVANCE

anyway. They make the mistake of thinking the statistics don't apply to them, that they can defy the odds. Still others simply lead busy, stressful lives and use cell phones and smartphones to stay connected with their families, friends, and workplaces. They forget or choose not to shut these devices off when they get behind the wheel.

In 2008, California motorists were prohibited from talking on hand-held cellular phones while driving. A ban on texting while driving followed in 2009. According to the California Department of Motor Vehicles, all text-based communication, including e-mail and instant messaging, reading, writing or sending a text message are prohibited. Both offenses carry \$20 fines for first offenses and subsequent infrac-

tions are \$50. Be aware that additional fees and additional penalties can end up tripling the total fee amount. The convictions will appear on your driving record. The law pertains to all drivers, regardless of age or state of residence.

There are special rules for young drivers, under the age of 18. These new drivers are not allowed to use a wireless telephone, pager, laptop or any other electronic mobile device to speak or text while driving; this applies even if they intend on using a hands-free headset. The only exception to this new rule is in emergency situations to call police, fire or medical authorities.

The California Highway Patrol wants to remind you don't become a statistic. Distracted driving is 100% preventable. ■

Prince Charming

By MICHAEL ARMIJO

I thought it was a war movie, or maybe a history movie; the pre-views were very realistic. Children played ball while large planes flew overhead. The camera shot followed the bombs as they landed on the enormous ships. I could see the determined look in the crewman's eyes as he fired the machine guns at the planes in the sky above. It seemed like a pretty cool action movie, but I was taken by a deep surprise as a love story unfolded while watching, "Pearl Harbor."

Picture this: a young woman departs from a train, and you can't help but notice the beautiful glow on her face. She smiles, convincingly, and carries herself as though her life was like a child's dream. The gleam in her eye, the uncontrollable smile, the happy pitch in her voice - she is most definitely in love.

As she approaches a young man, he stands there, handsomely, in his striking uniform. With flowers in hand and hat in place, his love beams like a proud 10-year-old who has hit the winning home run. He obviously desires to be near her. He's in love; free from judgment, free from dysfunction. He stands there and confesses his love for her, and she believes him, because he means it. He means every syllable, every vowel, and every adjective that comes out of his mouth. He loves her as no other. He loves her unconditionally.

When I saw the reflection of his heart on her face, when I saw

her overcome with the power of emotion, I saw how she felt, and it came to me- it was obvious that she felt the way she did because he loved her, completely. He stood there in his fairytale book stance, and he proved he was, undeniably, the man of her dreams.

The look in her eyes, the love in her smile, was just captivating. It was right then that I knew he was responsible for her love, and I understood that as men, we are responsible for our partner's love. It's our responsibility to provide a strong, loving arena for the one we love, so they have no choice but to feel that life is like a Hollywood movie with a storybook ending. I also realized that it's been years since I've seen that movie-like emotion in a woman's smile. And something surprising came to me: I am no Prince Charming.

I wondered what it would be like to be someone who was capable of giving their heart to someone else, unconditionally, uncontrollably. I wondered what it would take to love someone and to feel free from fear, to give it all up, opening myself to possible pain.

I wanted to be like that actor. I wanted to be someone who was capable of all the emotion that comes with love. But more surprisingly, I wanted that stature in life, and not for me, but for my partner. I wanted to become something that I currently was not, so that I could someday stand there like that actor did, at the train station, while my love's heart beamed with the desire to be with me. I wanted to be free from all of life's historical pains, egos, anger, frustration,

and unhappiness, so that I could be responsible for her undying love. I wanted her to have this life because deep in my heart I know she deserves it. She deserves to feel the way that young woman did at the train station. She deserves every minute of that joy.

Yes, it was just a movie, but to me, today, it's real life. Because of a simple, believable moment manufactured by Hollywood, I will do all I can for the woman I love, the love that she deserves. I'm trying my best by forgiving past pain and experiences. I'm letting go of agony that bad love once provided. I'm leaving all the insecurities and the egos in the past. I will be giving her my heart. I'll hold her hand. I'll open her doors. And I'll be patient. I'll learn how to apologize more often. I'll be her friend, and I'll let her be my friend. I'll call her, sometimes just to tell her "hi," or "I love you," and I'll have no ulterior motive. I'll work so hard to earn her trust, to prove to her that I'm capable of loving. I'm learning how to love again.

And I know that a day will come when she'll smile brightly. She'll stand there, and her eyes will glisten with happiness. Her hand will clasp my own. Her hug will be trusting and convincing. She'll whisper in my ear that she loves me. And she will smile uncontrollably. Then I will know in my heart that that I've finally provided her with her fairytale, her movie-like love. And when that day comes I will be able to feel her heart from a million miles away, and I'll know that I'll finally, become what she deserves. Her Prince Charming. ■

91 Toll Lane Expansion

COURTESY OF RCTC

Corona- The 91 Project will add two tolled express lanes in both directions to the 91 in Corona, replacing the existing carpool lanes. In addition, a single tolled express lane will be added to I-15 in both directions starting and ending south of Magnolia Avenue. Direct express lane connectors will be built between eastbound 91 and southbound I-15 and between northbound I-15 and westbound 91.

There will be a seamless transition between the 91 Express Lanes in Orange County and the new 91 Express Lanes in Riverside County. Existing transponder owners do not need to establish a new account with RCTC or change their existing account to use the new lanes in Riverside County. Both sections of the 91 Express Lanes will operate using the account structure, account fee schedule, and customer service. Access to the express lanes for carpoolers, disabled veterans, clean vehicles, etc. will be the same in both counties. The same safe and reliable system will be provided in Riverside County and managed and maintained by the same operator. Like the Orange County system, Riverside County toll collection will be electronic, with no toll booths needed. Separate tolls will be charged for each county segment, offering drivers a choice of using the Riverside County toll lanes, the Orange County toll lanes, or both.

Although express lanes will replace existing carpool lanes, vehicles with three or more occupants and a transponder will be able to use the express lanes at free or reduced rates - the same Three Ride Free policy that is in place now in Orange County. This policy encourages carpooling by allowing a group of three or more commuters per vehicle to travel the 91 Express Lanes for free during most hours, except when traveling east, Monday through Friday, between 4 pm and 6 pm. During those hours, carpools of three or more with a transponder still can save money by receiving a 50 percent discount on the posted toll. Motorcycle riders with transponders benefit from the same pricing structure, which is consistent with Orange County 91 Express Lanes policies.

Toll road entrances and exits will be available at several locations:

- On the 91, west of the Green River Road Interchange for drivers heading in either direction
- On the 91, at I-15 for drivers heading west
- On I-15, north of the Ontario Avenue Interchange, with a direct connector from northbound 15 to westbound 91

Drivers will not be able to enter or exit the tolled express lanes west of the I-15 Interchange and Green River Road. Access within this segment was analyzed through a separate engineering study and not selected as a feature of this project. ■

Planes of Fame

Planes from page 1

historic Cal Aero Field in Chino, the museum is open to the public.

It is the mission of Planes of Fame Air Museum to **preserve** aviation history, **inspire** interest in aviation, **educate** the public, and **honor** aviation pioneers and veterans. The Museum sponsors regular events in the form of inspirational experiences, educational presentations, flight demonstrations, and air shows in fulfillment of this mission.

The museum collection spans the history of manned flight from the Wright Flyer of 1903 (replica) to the space age Apollo Capsule. Over 150 aircraft and displays are available for you to peruse. Many of the aircraft are flyable, including the P-51 Mustang, F4U Corsair, P-47 Thunderbolt, P-40 Warhawk, B-25 Mitchell, P-38 Lightning, F-86 Sabre & Russian Mig 15. Several of the aircraft displayed are rare and some are the sole remaining flying examples of their type.

The Planes of Fame Air Museum also hosts Living History Flying Days, which are held on the first Saturday of each month. These events are great for families to attend. A different featured airplane will fly for each event. Upcoming Living History Days will feature the Douglas SBD Dauntless on June 4, the North American P-51 Mustang on July 2, and the Vought

F4U-1A Corsair on August 6.

The Planes of Fame Air Show, which has been held at the Cal Aero Field for 18 years, and was chosen "Best Air Show of 2015" by Aviation Magazine, will be held April 29th through May 1st at Chino Airport. It's Fun for the whole family.

Enjoy the day watching aviation history take to the skies over Chino. See famous planes and demonstration teams take to the air such as the U.S Air Force F-16 Viper, Sean D Tucker and Team Oracle Aerobatics, Jelly Belly Aerobatics plus many other extreme aerial demonstrations. Over 50 historic aircraft will be performing for your enjoyment including B-25s, P-47s, and P-51 Mustangs!

There will be static displays of historic aircraft, military vehicles, a Kids Zone and a vendor marketplace where you will find plenty of food and beverages for sale.

Experience the Afterburner Twilight Show Friday Noon-8 p.m. Gates open Saturday and Sunday at 8 a.m. Parking is Free. Tickets are \$25, and kids 11 and under are Free.

For information and tickets, go to planesoffame.org.

The Planes of Fame Museum is a non-profit 501 (c)(3) organization that has grown for the past 57 years through donations. You can find the museum at 7000 Merrill Avenue, #17, in Chino. For more info please call 909-597-3722 or visit: planesoffame.org. ■
