## Eastvale Discusses Housing Element

#### STAFF REPORTS

**Eastvale** - The talk of the town has been surrounding the Eastvale Housing Element Updates. Community members have expressed their concerns at recent City Council meetings and with disapproval signs across the city. However, City staff has responded with several resources of information including a Frequently Asked Questions page,

an online simulation tool, and videos outlining the purpose of the Housing Element.

The most recent video describes that the proposed plan is a state mandated housing element due to the 90% housing shortage in California. The video states that "every city in California is required by state housing law to update the Housing Element of their general plan to meet the regional need." The

state evaluates the current housing in the city, the projected population growth, and determines how many more units should be planned to meet the housing needs of our state.

The state determines housing needs through the Regional Housing Needs Allocation (RHNA) and they require Eastvale to plan housing for everyone at all income levels, according to the video. This means "zoning

for housing from 1 unit to 30 or more units per acre." The video also stated that if "Eastvale doesn't identify areas for these units, the City could face lawsuits, loss of state and federal funding, and lose the ability to issue building permits and say where new housing should go in the future," stated the video.

Therefore, the City needs to

## New 9/11 Monument In Eastvale

#### STAFF REPORTS

**Eastvale** - On the 20th anniversary of the 9/11 attack, a "Never Forget" monument was unveiled in the City of Eastvale.

Community members, CAL FIRE/Riverside County Fire Department, Riverside County Sheriff's Department and city officials all gathered to attend the event at Fire Station #27.

Troop 2017 led the presentations of color while Seumas Coyne played the bagpipes. Eleanor Roosevelt High School

Band/Wind Ensemble played the National Anthem beautifully. Then Pastor Mark Lee of VantagePoint Church gave a great speech for the invocation followed by the Division Chief who led the moment of silence.

The monument is a 2' x 2' by 12' tall replication of the Twin Towers that sits on an 8' diameter Pentagon. It is internally illuminated at night in front of Eastvale Fire Station 27. The pentagon base has the inscription

"9-11-2001 Never Forget".

The monument was created to "serve as a gathering place for the Eastvale community and visitors from throughout the region, Southern California, and beyond to gather and pay respect to all who were impacted on September 11, 2001," stated a city news release.

## OUR FEATURED BUSINESSES

### Tint Your Windows At Mr. Tint

#### STAFF REPORTS

**Norco** - Car window tinting is one of the best ways to improve the look and comfort of your vehicle. You can protect the interior of the vehicle from sun damage by tinting the windows. Sunlight and heat can cause your interior, like seats and the dashboard, to fade, crack and deteriorate. Window tinting reduces the sunlight allowed into the vehicle, which in turn reduces how hot it gets inside your car. Likewise, homes and offices heat up during the day, and trying to keep your air-conditioner ahead of the game can be costly.

Car window tinting also increases the value of your vehicle.

## Crime Recap

#### STAFF REPORTS

**Eastvale/Norco** - In the last month, there were several incidents that took place in the City of Eastvale and City of Norco. The incidents are listed below, courtesy of the Riverside County Sheriff's Department.

**INCIDENT:** Fatal Traffic Collision

**INCIDENT DATE:** September 20, 2021

**WHERE:** Goodman Way and Cantu-Galleano Ranch Road, Eastvale

**DETAILS:** On Monday, September 20, 2021, about 6:31 P.M., deputies responded to the report of a major injury traffic collision near the intersection of Goodman Way and Cantu-Galleano Ranch Road. When Cal Fire personnel arrived on scene, they located a Hispanic male adult who had been struck by a vehicle. The subject was pronounced deceased at the scene. The driver and passenger were transported to a local

hospital and treated for their injuries. The Jurupa Valley Sheriff's Station Traffic Collision Reconstruction Team responded to the location and assumed the investigation.

Preliminary investigation indicated the driver was traveling through the parking lot and suffered a medical emergency. The driver lost control of the vehicle, collided with a metal gate and struck the decedent who was walking through the parking lot. At this time, it remains unknown if alcohol and/or drugs were a factor in the collision. The identity of the decedent is pending identification from the Coroner's Bureau. Amazon parking lot was closed for the duration of the investigation.

Anyone with information about this incident is encouraged to call Deputy D. Medina at the Jurupa Valley Sheriff's Station at 951-955-2600 or the

## William Radcliffe Is An Attorney You Can Trust

#### STAFF REPORTS

**Chino Hills** - Hiring an attorney can be very intimidating and let's face it the industry doesn't exactly have a "trustworthy" reputation. We should be careful and ask some questions when we do need an attorney. What questions should we ask before we actually hire an attorney? First, how long have they been practicing law? Second, who are they, what evidence do we have of their honesty and integrity? Third, do we believe they actually

# The Light At The End Of The Tunnel

**MICHAEL ARMIJO**

While at the ATM drive-through, a woman straddled both lanes in a two-lane isle. I've been there a thousand times and not one person has ever straddled these lanes, they just pick one. Sometimes the line moves quickly, other times you have to wait while the cars next to you move right through. It's a gamble, but we make a decision and we accept it.

Maybe it was the long day or maybe I just felt short-tempered, but while the woman straddled the lanes, I went around her car, and I picked the left lane. She got out of her vehicle and told me; "I've been waiting, you can't go around me." I explained the unwritten policy of the drive-through ATM machine. She angrily got back into her car and waited again. As I drove up to the machine, I felt so un-

comfortable. I knew she never should've sat there and straddled both lanes, but who am I to react to her misdirection? The uncomfortable feeling made me sick inside, I knew that I never should've gone around her. So I backed up, allowed her to go first, calling out to her; "I'm sorry, go ahead of me." She pulled up to the machine, finished her transaction, and her last words were; "Thank you for being fair."

I believe the true essence of being a complete individual begins with the ability to communicate. The ability to express yourself and present issues, views, and concerns in a dignified, fair, and an understandable manner. To simply be a human being.

Simple people do not get caught up in the unfairness in life. They do not listen with anger and respond with vengeance. They see light and are drawn to it. They're clear individuals that can respond with solutions and not just complain. They respond instead of react. And it's their simplicity that keeps them humble and dignified. Simple people see or experience tragedy and work through it and not around it. This keeps them complete and understanding.

I also believe in responsibility. Not to just go to work, pay the mortgage, and get the kids

to school, but also to enforce responsibility inside, not just on the surface. To not just promote a good life but to actually live it from the inside outward. In a person's life, responsibility also includes our jobs, our actions towards society, towards our fellow man. Not to act like a good person, but to actually think, feel, and believe in the goodness of being a good person.

When I pulled in front of the woman at the ATM machine, I knew she was misdirected, and yet I reacted to her misdirection instead of responding to it. If it meant that much to me to not wait behind someone who couldn't make a decision, I should've communicated with her. And if it didn't mean that much to me, then I just should've waited behind her and not given it another thought. Instead, I almost ruined her entire day, and who knows what that could've done to her family and friends.

I believe that we, as a society, need to remember how important and how powerful we really are. We need to understand the true meaning of sharing experiences, applying yourself, being honest, open, and sincere. It will bring you peace when you remember that you have so much to contribute to life, let's not waste it on bitterness, anger, frustration, or unfairness. Instead, let's focus on the good things.

The power we hold within ourselves is worthless when we misdirect our hearts by allowing our minds to take over. I believe the truest form of life is not just having the power to get your way, but having the power to help others find their way. And when we see this powerful light that shines from within, we can capture it and allow those rays of sunshine to help our heart glow with a magnificent gleam that reminds us that there really is a light at the end of the tunnel.

# Norco College Giving Week

## Courtesy of Norco College

**Norco** - We are excited to announce the second annual Giving Week will be held on October 4 – 8, 2021, and to date we have raised \$4,375 in community sponsorships and counting!

The funds raised are going to the newly established Norco College Endowed Veterans Scholarship to assist veteran scholars in need of help with books, tuition, and living ex-

penses. Norco College has a history of doing great work with veterans. We have an active Veterans Resource Center serving over 500 students from the armed services. Through our VRC, we provide veterans with support for financial aid, GI Bill, counseling, academic support, camaraderie, and more.

Please consider making a gift in any amount. Your contributions will help reach (or exceed) our collective goal of raising

\$40,000. Make a gift today at [www.norcocollege.edu/givingweek](http://www.norcocollege.edu/givingweek). Sponsorship opportunities are available through September 30.

Another way to give, offered exclusively to college and district employees, is a pledge via payroll deduction. This is a fantastic way to give without breaking the bank. If this option appeals to you, please find the attached payroll deduction form and the criteria for deduction below.

On the payroll deduction form, the donor must:

1. specify a gift amount on the form (in Step 2, first line)
2. include an end date for fulfilling your contribution (not to exceed one-year)
3. specify the Norco College Endowed Veterans Scholarship for their gift
4. scan the completed form and email it to [foundation@rccd.edu](mailto:foundation@rccd.edu)

We will be sending out

daily communications with heart-warming and inspiring stories during Giving Week. Please share with your friends, family, business partners, vendors, and anyone else that might be interested in supporting our students. We even included a Zoom background attached in case you want to use it to spread the word. One of our goals is to extend this opportunity to every corner of our community.

# Eastvale discusses housing element

## Housing from page 1

"identify the areas where the zoning could be changed to plan for 3,028 potential housing units in our community." But the City said that identifying these areas does not mean these areas will be selected or approved for construction. Identifying will just "satisfy the zoning requirements for the plan."

Many community members have still expressed their disapproval for the Housing Element Update, stating we should build more schools first, have our own Police Station, or fight the

mandate like other cities have done. But the majority of these residents have expressed that their main problem with the plan is the location of the current proposed housing. Stratham Homes recently proposed to build 216 High-Density apartments and townhomes at the corner of Sumner and Schleisman Road. The structures are proposed to be 2 and 3 stories tall and include a 5,000 sq. ft. complex on the property.

Community members are against this location due to the increased traffic the apartments will bring to this area. Traffic before and after school hours

are already a consistent issue on that busy street and residents suspect the new housing will cause more congestion. Increased traffic could lead to increased collisions and pose a risk to children walking or riding bikes to school as well.

When discussing the Housing Element on social media, city officials have responded that the plan does not mean construction. "Please know the housing element is only a plan," stated City officials in a Facebook response to a resident. "It does not mean the pieces of land that fall within the zoning code will be built upon. But, per state law, the

city is required to plan for it."

When a resident expressed his concern that another set of apartments were re-zoned off Citrus and Scholar, City officials responded with the following comment on social media: "Citrus and Scholar has an overlay zone to allow senior housing with a density range of 8.1 to 14 dwelling units per acre. General uses allowed at this density range include single-family attached and detached residences, including townhouses, stacked flats, courtyard homes, patio homes, and zero lot line homes. Apartments would not be allowed."

The City is encouraging residents to voice their concerns at one of the Special City Council meeting/Community Roundtable discussion, which will only discuss the state-mandated Housing Element Update. The first meeting was held on Sept. 20 but the next two meetings will be on September 27 and October 18 from 6 pm to 8 pm at New Day Christian Church, located at 7155 Hamner Ave.

For more information, visit the Housing Element page on the Engage Eastvale website at <https://engage.eastvaleca.gov/housing-element> for more information.

In addition, the 2021 Eastvale State of the City is expected to be held on Thursday, October 7 at 6 pm at VantagePoint Church, located at 8500 Archibald Avenue. The City of Eastvale and the Eastvale Chamber of Commerce are holding this year's event, with theme "Elevate Eastvale: Soaring to new heights". The COMMUNITY Honoree award will be presented at the State of the City as well. The COMMUNITY Honoree award "recognizes the meaningful contributions an individual has

made to the Eastvale community through volunteerism, acts of kindness, and active community participation, within the past 12 months," stated a city news release.

After the 2021 State of the City, the Taste of Eastvale event will be back for local restaurants to come together and present their delicious food to the community. So stick around after the State of the City!

Another event that is coming to Eastvale is a six-week Leadership Academy beginning October 14. "The Eastvale Leadership Academy is an adopted action item of the City Council's Strategic Plan that will help develop community champions and ambassadors

through building relationships, connections, and understanding with the people, performance, and operations of the City of Eastvale," according to a city news release. "This will be an in-depth, interactive, and behind-the-scenes experience with local government."

Six sessions will take place in the City Council Chambers for a group of 25 participants that applied. For more information, visit [www.eastvaleca.gov/leadershipacademy](http://www.eastvaleca.gov/leadershipacademy)

The last event to take place in October will be the EEKIVALE Halloween event. On Saturday, October 23 from 3 pm to 10 pm, stop by 13200 Citrus St for a night of food, treats, music, crafts, games, art, and a maze.

Other exciting updates that were announced at the last City Council meeting included the Eleanor Roosevelt High School Band Ensemble being invited to perform at the California All-State Music Education Conference in February 2022. Only one or two high schools in the State are selected to perform each year, according to the City.

Shield 4 Kids also did a presentation to promote their mission to provide a backpack of essential supplies to abused children who are confronted with going into a new home.

Lastly, Eleanor Roosevelt High School student, Thomas Rife, was recognized for his many efforts in the City's Roadway Adoption Program.

One of the things that made our 50th anniversary in Maui possible was finding lodging for all of our kids and grandkids. We were able to get four condos through our timeshare trading partner so each of our adult kids and their spouse and children had their own unit. The condos were at the same location so grandchildren could easily spend time with their cousins. The green lawns and swimming pool were popular gathering places. My wife and I stayed at a guest house nearby.

These timeshare condos were spacious with a large living and dining area and a spacious patio. Most of the units

had beautiful views of the Pacific Ocean. The patios were a popular spot for a family breakfast. Everyone seemed happy with their accommodations. However, one unit had some noisy neighbors. I'm not talking about the people living upstairs or next door. I'm talking about a rooster who would wake up every morning around 4:30 AM and announce to the world that it was time to get going. The rooster and his friends were living in some dense shrubbery just beyond the condo's patio area. He was loud and bold. Every morning he kept waking up our daughter and her husband and their young children.

They called the office and asked if something could be done about this noisy neighbor.

The clerk joked that there was a bounty on the rooster's life but no one on the staff had been able to persuade the rooster to relocate. The "cock-a-doodle-do" went on morning after morning. While the families in the other condos enjoyed a good night's sleep, the family near the rooster were not so lucky. Our grandchildren decided to give the rooster a name - Charlie. He became part of their family during their week in Maui.

I wonder if there is a Charlie in your life. Is there someone at work or at school who is unaware that their words and actions are irritating you? Is there a Charlie in your church or service club who frustrates you? Are you married to a Charlie?

Could it be that you are the Charlie in someone else's life? One wise grandchild said - sometimes we are all like Charlie. Let me encourage you to be kind and patient with the Charlies in your life. Some Charlies are not even aware they are bothering you. They may just plunge into a new day unaware that some people like to sleep in or go at a slower pace. They may not be aware of how much or how loud they talk. There is a verse in the Bible that says, "Love is patient and love is kind" (First Corinthians 13:4). Change comes through kindness not conflict. Be patient and kind to the Charlies in your life. Be willing to change if you are the Charlie in someone else's life. You will be glad you

did and they will too!

# Value

Pastor Dennis Morales

*"Do not lay up for yourselves treasures on earth..." Matthew 6:19*

Recently, a Polish Olympic athlete sold her medal to fund a young boy's heart surgery. Polish javelin thrower Maria Andrejczyk auctioned off her Tokyo 2020 silver medal to fund a heart surgery for a boy she did not know. Żabka, a Polish supermarket chain, won the auction with a bid of \$125,000, allowing the boy

to get the surgery. The Żabka chain was so moved by Maria's compassion that they in turn gave the medal back to Andrejczyk. Jesus said, "do not lay up for yourselves treasures on earth where moth and rust destroy and where thieves break in and steal; but lay up for yourselves treasures in heaven, where neither moth nor rust destroys and where thieves do not break in and steal." Heaven is our rightful home and reality. Earth is temporary. We have been

blessed with some amazing experiences on earth, such as the experience of a Graduation Day, our Wedding Day, Holidays, or special moments with people on Earth. These days on Earth are just glimpses of what we will experience forever in Heaven. Here the special moments are temporary, but in Heaven they are an eternal reality. True value cannot be accessed through an earthly lens, but an eternal one. What we possess here is but for a moment, but how we use what

we possess can pay dividends in Heaven. Scripture says to give all and do all to the glory of God and you will make investments in Heaven. "Now he who plants and he who waters are one, and each one will receive his own reward according to his own labor." (1 Corinthians 3:8). Maria gave us a great lesson on laying up for ourselves treasure in Heaven and that is great value.

# Forgiveness

Melody Kraemer

"Let it go, let it go, let it go." Now we all have heard that before, though sometimes it's just not that easy. We teach our little ones to say; I'm sorry, will you forgive me if they hit someone such as their sibling.

When someone says sorry, it's easier to say I forgive you and move on than someone that doesn't say it at all. How do you let go when someone has done you wrong, never says sorry, and doesn't care?

Just recently, someone did us wrong. We had hired a

landscape company that we believed was licensed, and we got taken for four thousand dollars and a job that's not finished.

I was upset for weeks, I cried, my stomach was in knots, and I couldn't sleep. How could someone do this to us without caring what they did?

I started praying, and this verse kept coming up. Ephesians 4:32 (NIV) Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you.

How could I forgive? My

money is gone, and my backyard is half-finished, and no funds to complete it at the moment.

Again these words came to me "Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you."

Worrying, crying, and losing sleep wasn't healthy.

So when I raised my hands and said, Jesus, take the wheel on this one, He did. I may have forgiven though I haven't forgotten. I know God's got this and will see us through.

Pray with me that one day

our backyard will get finished and this man will not take from others.

There is such freedom in forgiving and taking a deep breath from all of that resentment. AMEN

Let it go let go let go and be at peace.

anybody to be stuck in an unhealthy place.

If you are tired of the fight between you and your child regarding homework or need some more effective ways to communicate this is the group for you. Maybe depression or anxiety seems to be holding you or a loved one back and finding solutions could be life changing. # William Radcliffe is an attorney you can trust

## Attorney from page 1

care about us, our case and not just the money? Also we have to ask can we afford the legal fees and will this firm give me the most bang for my buck?

In a society where money is king and less costs more with every passing day finding an attorney that we can trust and afford can be like finding a needle in a haystack.

William Radcliffe is the attorney that not only answers these questions positively but exceeds expectations in his

areas of expertise.

William became one of the youngest attorneys in California at the age of 23. He began his career 32 plus years ago working with his father John Radcliffe, a well-known and respected personal injury attorney in Covina.

In 1986 William married his wife Bonnie who was a legal secretary at a law firm in Ontario at the time. "Bonnie's Paralegal" processed uncontested divorces and became very successful while William continues to work with his father. After some time William decided to start his own law practice and with Bonnie's business serving as a client base it was a no brainer for them. William Radcliffe Law Offices became one of the first law firms that offered traditional attorney representation as

well as assisting people in representing themselves in cases that didn't really need attorney assistance.

In the 1990's the business expanded their services to bankruptcies and a few years later added Wills and Trusts to their growing list of services. "Experience in the area of your need is important" says William. "I think someone who will try to keep the Client's legal expenses to a minimum is important and that is what got us to where we are today" William added. William said, "We know that not everybody can afford a large legal retainer and no one wants to spend more money than is necessary so if all they need is a paralegal we are there for them".

Whether you need traditional attorney representation or simply some legal assistance

The Law office of William Radcliffe will assess your case and do "whatever it takes" to give you the most cost effective legal assistance plan available today.

"Every Client will receive hands on personal service from an attorney every step of the way through their case" says William. William Radcliffe law offices are always keeping their eyes open to what the latest needs might be for future clients. They are constantly looking at what other offices are doing and what the current trends are for the legal needs of the people. "We now see that mediation is a common trend in the industry today and that ties into our philosophy of helping our clients avoid runaway attorney fees".

William Radcliffe is bringing these philosophies to Orange

County to help even more people by showing them that there is somebody out there trying to help them with this need in an industry that just put simply doesn't have that type of reputation.

The main office is in Chino/Chino Hills but they also see clients in their home office in San Clemente where he and Bonnie reside. They are involved in the Children's Ministry at Saddleback Church in San Clemente and provide legal service to the public at the church's PEACE center.

Bankruptcy, Wills, Trusts and Divorces contested and uncontested services available at reasonable prices. You can contact William Radcliffe at (909)597-3633 or docoflaw@aol.com. Go to www.docoflaw.com for further information.
