## First ERHS Girls Flag Football Team

STAFF REPORTS

**Eastvale** - The Eleanor Roosevelt High School (ERHS) Girls Flag Football team is making history as they just began their inaugural season as a CIF Sport, along with four other Corona-Norco Unified High Schools.

"All five of CNUSD's comprehensive high schools have established a team with over 200 student-athletes participating District-wide," stated a CNUSD news release.

"CNUSD is proud to be among the very few select schools in the Inland Empire who have chosen to offer Girls Flag Football as part of our comprehensive athletics programs."

ERHS Coach, Jennifer Constable, shows so much heart and passion for this team.

"It's so important for these girls to put a female face to the sport," said Constable in a CNUSD news release.

"They grew up with their brothers playing, they grew up with

their dad's playing, [they're] wearing their [dad's] numbers now. There's not enough women out there to really show that hey, we can do this too. These girls are just as physical, just as smart. It's so important for them to see that they're capable of just as much as anybody else."

The City of Eastvale also recently celebrated the girls' success. "Their hard work and

## Hackers Are Targeting Your Home

BY MIKE NAVA

**Eastvale**- The COVID-19 pandemic has changed how we live in many ways. One of the most significant changes is that more people work from home. This means that our homes are now used for work, school, and entertainment, which makes them more vulnerable to cyberattacks.

Hackers are always looking for new ways to exploit vulnerabilities. Their thinking is, it's much easier to hack

## Tint Your Windows At Mr. Tint

STAFF REPORTS

**Norco** - Car window tinting is one of the best ways to improve the look and comfort of your vehicle. You can protect the interior of the vehicle from sun damage by tinting the windows. Sunlight and heat can cause your interior, like seats and the dashboard, to fade, crack and deteriorate. Window tinting reduces the sunlight allowed into the vehicle, which in turn reduces how hot it gets inside your car. Likewise, homes and offices heat up during the day, and trying to keep

**The Light At The End Of The Tunnel**

**MICHAEL ARMIJO**

While at the ATM drive-through, a woman straddled both lanes in a two-lane isle. I've been there a thousand times and not one person I've ever seen straddled these lanes, they just pick one. Sometimes the line moves quickly, other times you have to wait while the cars next to you move right through. It's a gamble, but we make a decision and we accept it.

Maybe it was the long day or maybe I just felt short-tempered, but while the woman straddled the lanes, I went around her car, and I picked the left lane. She got out of her vehicle and told me; "I've been waiting, you can't go around me." I explained the unwritten policy of the drive-through ATM machine. She angrily got back into her car and waited again. As I drove up to the machine, I felt so uncomfortable. I knew she never should've sat there and straddled both lanes, but who am I to react to her misdirection? The uncomfortable feeling made me sick inside, I knew that I never should've gone around her. So I backed up, allowed her to go first, calling out to her; "I'm sorry, go ahead of me." She pulled up to the machine, finished her transaction, and her last words were; "Thank you for being fair."

I believe the true essence of being a complete individual begins with the ability to communicate. The ability to express yourself and present issues, views, and concerns in a dignified, fair, and an understandable manner. To simply be a simple person.

Simple people do not get caught up in the unfairness in life. They do not listen with

anger and respond with vengeance. They see light and are drawn to it. They're clear individuals that can respond with solutions and not just complain. They respond instead of react. And it's their simplicity that keeps them humble and dignified. Simple people see or experience tragedy and work through it and not around it. This keeps them complete and understanding.

I also believe in responsibility. Not to just go to work, pay the mortgage, and get the kids to school, but also to enforce responsibility inside, not just on the surface. To not just promote a good life but to actually live it from the inside outward. In a person's life, responsibility also includes our jobs, our actions towards society, towards our fellow man. Not to act like a good person, but to actually think, feel, and believe in the goodness of being a good person.

When I pulled in front of the woman at the ATM machine, I knew she was misdirected, and yet I reacted to her misdirection instead of responding to it. If it meant that much to me to not wait behind someone who couldn't make a decision, I should've communicated with her. And if it didn't mean that much to me, then I just should've waited behind her and not given it another thought. Instead, I almost ruined her entire day, and who knows what that could've done to her family and friends.

I believe that we, as a society, need to remember how important and how powerful we really are. We need to understand the true meaning of sharing experiences, applying yourself, being honest, open and sincere. It will bring you peace when you remember that you have so much to contribute to life, let's not waste it on bitterness, anger, frustration, or unfairness. Instead, let's focus on the good things.

The power we hold within ourselves is worthless when we misdirect our hearts by allowing our minds to take over. I believe the truest form of life is not just having the power to get your way, but having the power to help others find their way. And when we see this powerful light

that shines from within, we can capture it and allow those rays of sunshine to help our heart glow with a magnificent gleam that reminds us that there really is a

light at the end of life's tunnel. *This article was written by Michael Armijo before he passed in October 2020. His articles are placed in his memory.*

thank our residents for trusting us with this process and for believing in our vision.”

Once complete, this project will reduce congestion and emissions, and it will increase product movement and multi-modal connectivity, according to the City. “We can’t wait to see what an excellent addition this will make to our community!”

Also expected to come is the new Olive Garden at the Station in the Goodman Commerce Center. They just put their new sign up! An opening date should be announced soon.

Other exciting news is that the City of Eastvale is one of the first cities in California to integrate Solar APP+ into its City services. “Solar APP+ is an automated solar and storage systems permit portal,” stated a City news release. “It stream-

lines and automates permit reviews, allowing solar permits to be approved within the day. This will lower costs and expedite solar installations, encouraging property owners to invest in generating renewable and sustainable energy.” Visit the City website to submit a solar permit.

The City is also accepting applications for its Military Banner Program until September 30, 2023. This program recognizes and celebrates military members and their commitment to serving our country. For more information or to submit an application, please visit <https://www.eastvaleca.gov/.../know-about-the-military-banner-program>

In addition, the City is accepting applications for Community Development Block Grant (CDBG) funds for the 2024-2025 Program Year. “The City of Eastvale is a Cooperating

City in the County of Riverside CDBG program,” stated a City news release. “The County of Riverside Department of Housing and Workforce Solutions (HWS) initiated the 2024-2025 CDBG application cycle and issued its Notice of Funding Availability to the City of Eastvale. The County of Riverside established several minimum thresholds concerning the Cooperating Cities’ CDBG application process.”

All applications must be received no later than 8 a.m. on Thursday, October 5, 2023. “City staff will review and evaluate each application for eligibility based on national program objectives that have been set by the U.S. Department of Housing and Urban Development (HUD). The City Council will make the final 2024-2025 CDBG Funding Determinations at the regularly scheduled City Council Meeting on November

Lastly, on Sept. 18, the City of Eastvale held the first-ever Cookies With The Mayor at the

# Hackers are targeting your home

## Hackers from page 1

a home user with a basic router than it is a large enterprise with multiple security layers, and they are correct. Which is wise to have multiple security layers, NOT just an anti-virus.

In 2020, the Cybersecurity and Infrastructure Security Agency (CISA) found that the number of cyberattacks targeting residential users increased by 60%. This is likely because more people are adding devices to their network, and not adding additional network security, for example, DNS Filtering.

Anti-virus software used to be the only protection you needed from cyberattacks. However, anti-virus software is often the first and last line of defense today. If it fails, is not kept updated, or has expired, your devices and network are exposed.

That’s why it’s essential to take steps to protect your home from cyberattacks. Here are a few tips:

- Use strong passwords and change them regularly.
- Keep your anti-virus software up to date.
- Be careful about what links you click on and what files you download.

· Use a firewall to protect your network from unauthorized access.

By taking these steps, you can help protect your home from cyberattacks.

If you’re concerned about the security of your home network, you can also consider hiring a professional to help you. At Eastvale Computer Services, we can help you identify and fix any security vulnerabilities in your network. In addition to the tips above, we offer various services to help you stay safe online. These services include:

· Managed Services: Managed Services lets us handle your system’s maintenance, backup, and anti-virus management. All done silently in the background, keeping your machine clean and error-free. Quick Remote Support is included in case issues arise.

· DNS Filtering - Filtering out the bad stuff before it hits your network. Enterprises all have DNS Filtering to keep bad things off their network. We are bringing this managed service to our users for as low as \$20 per month for the ENTIRE household or business.

Filtering bad sites and ads before they load on your

network is a highly effective way to extend your security to your family and guests who connect to your Wi-Fi. Parental controls, scheduling, and Ad-blocking features are also included.

We still perform other

computer services such as cleanups, repairs, and maintenance. However, as the technical challenge and security concerns are mounting, we want to stay ahead of our client’s needs.

always will be our mission. Driving under the influence is dangerous and puts a further strain on critical resources.

The Riverside County Sheriff's Office reminds the public that impaired driving is not just from alcohol. Some prescription medications or over-the-counter drugs may interfere with driving.

Always follow directions for use and read warning labels about "driving" or "operating heavy machinery," which includes driving a vehicle. While medicinal and recreational marijuana are legal, driving under the influence of marijuana is illegal.

If you plan on drinking or taking medications that may impact your ability to drive safely, plan on staying at home.

Drivers charged with DUI face an average of \$13,500 in fines and penalties, as well as a suspended license.

Funding for this checkpoint is provided to the Riverside County Sheriff's Office by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration, reminding everyone to 'Report Drunk Driver - Call 9-1-1'.

# Inner Peace

Reverend Wayne Chu

An early morning meeting is always a challenge. I thought I would be on time until I was stuck in traffic because of a standing train in the intersection. Many people made U-turns. But I figured that even if I take another route, I would be late anyway. I decided it is time to exercise patience. It was not easy, when I watched the clock on the dashboard keep ticking while the train sat still, I started to have inner conflicts. Should I follow the others? Was it really a good decision just waiting? Perhaps it might be your story too. We experience this kind of annoy-

ing inconvenience very often. We may conclude that we are unlucky or may blame ourselves for picking the wrong route or not responding quicker.

In the Letter to the Philippians, Apostle Paul was in a similar situation. He planned to go to Rome to witness in front of the emperor. He had many plans to preach the Gospel somewhere. Instead, he was stuck in prison not knowing whether he would survive the trial.

Yes, we would be patient to endure all these troubles. But what about when we see our loved one get stuck in a situation, we could not do anything to help. I think you may

agree that it is more painful to see them suffer than we suffer ourselves. For the brothers and sisters in the Church of Philippi, this was the case: their messenger Epaphroditus was very sick while visiting Paul. Their beloved apostle was in prison with the possibility of facing execution. You can imagine their feelings.

But this is what Paul said in his letter:

*6 Do not be anxious about anything, but in everything by prayer and supplication with thanksgiving let your requests be made known to God. 7 And the peace of God, which surpasses all understanding, will guard your hearts and your minds in*

*Christ Jesus. Philippians 4:6-7*

I did arrive late for the meeting. I also struggle with the painful situations of my loved ones, sickness, trouble etc. Prayer may not be answered in a way we expected. Things could turn out to be even more difficult. But it is through trouble and suffering that God makes us experience the great gift He prepares for us – inner peace.

# Confident Faith

Pastor Dennis Morales

*Psalm 27:3, "Though an army encamp against me, my heart shall not fear; though war arise against me, yet I will be confident."*

Jonathan suggested to his armor bearer that they go up after the enemy (1 Samuel 14). The enemy struck fear in the people and took most of their weapons, but Jonathan was not afraid of the enemy. Jonathan knew "the Lord would work for them" (1 Sam

14:6). He knew God was on their side. While Saul and his army hid in fear, Jonathan began to move in faith. Jonathan said to his armor bearer, "if the enemy says 'we will come down to you,' we will stand ground. But if the enemy says 'come on up' then God has delivered them into our hand" (1 Sam 14:8-10). The Philistines call down to Jonathan and his armor bearer telling them to come up. When they climbed to the top of the mountain they began to fight and defeat the enemy. As the Phi-

listines were being defeated, they couldn't believe they were being defeated by two young men. It's because God went before them and even caused the ground to shake. Confidence is trust in God and trusting His ability to deliver you, to heal, to save, or provide. Confidence is having the faith that the LORD will do everything He has promised. In confidence know that God overshadows your circumstances (Psalm 91). Confidence also means that when it seems like everyone has turned

on you, you know Jesus hasn't. When you step out today, know that God goes before you, that He will protect you, that He will grant you favor. Remember "You can do all things through Christ who strengthens you" (Philippians 4:13)

*Calvary Chapel Eastvale meets Sundays, 8:30 and 10:30 at the Eastvale Community Center, located at 13820 Schleisman Rd, Eastvale Ca. 92880. Mark your calendars! The 9th Annual Bright Night will be October 31,*

*2023 at Orchard Park. It's a safe and FREE event. Visit us at [www.clavaryeastvale.org](http://www.clavaryeastvale.org).*

# Traditions

Melody Kraemer

We all have some traditions. We do things because that's the way we have always done them. It could be every holiday is spent at Grandma's house, or every summer you may take a trip to the same place, or even on a birthday there's that one special place. Traditions could be more entailed as something handed down from generation to generation.

Though there may come a time when a tradition ends after many years, that's what happened to us. After many years of vacationing at the same place same dates, it's time to move on. It wasn't by choice; family issues came up. I am trying hard to look on the bright side, I'm a big tradition fan, and it's hard letting go. We have our memories, though. I don't know how this change will affect my two autistic boys. They don't un-

derstand traditions; they know consistency.

I have to trust in God for His guidance. Even though I'm struggling to let go of the old traditions, I know God has something planned for us. I have to be patient. But as I have shared before, I hold onto this verse.

Proverbs 3:5-6 New International Version (NIV)

Trust in the LORD with all your heart and lean not on your own understanding; in all your

ways submit to him, and he will make your paths straight.

I would love to hear about some of your family traditions.

# Friends Are Friends Forever If The Lord's The Lord Of Them

Mark Hopper

Michael W. Smith began composing and singing songs

in the 1980's. He has written many popular Christian songs including, "Open the Eyes of My Heart Lord", "Awesome

God" and "Draw Me Close". He is still writing and performing his music today. He has written over 35 number one songs and has received three Grammy Awards. He has sold more than 15 million albums.

He also wrote the music to the song "Friends Are Friends Forever". His wife Debbie wrote the lyrics. They wrote the song because a close friend was moving away. They wanted to express their love and appreciation to him. It was a last minute idea to write a song for the going away party later that night. Debbie sat down and wrote the lyrics in 30 minutes. Michael sat down at a keyboard and wrote the melody in three minutes. They sang it for their friend at the party later that night. Everyone cried.

When our ministry partners Dennis and Barbara Danylak announced their decision to leave our church in Tucson in 1985, we made plans for a going away party for them. They had served at our church for over five years and decided to become missionaries in West

Africa. That was a long way from Southern Arizona.

The evening was a special time to encourage them and to celebrate their ministry at our Tucson church. There was a lot of laughter as a number of people shared fun stories about Dennis and Barb. And there were a lot of tears when we concluded the evening by singing the song by Michael W. Smith "Friends Are Friends Forever"

Some of the lyrics are, "Friends are friends forever if the Lord the Lord's the Lord of them. And a friend will not say never 'cause the welcome will not end. Though it's hard to let you go, in the Father's hand we know that a lifetime's not too long to live as friends".

My wife and I attended a Michael W. Smith concert with some long-time friends in 2019 in San Antonio, Texas. It was a timely reminder of the value of these dear people. I believe God did not intend for us to go through life alone. He brings people into our life who become friends to encourage us

and for us to encourage them. Let me encourage you to send a note or make a call this week to express your love and appreciation to a friend. They will be glad you did and you will too.
