Eastvale Gets Its Own ZIP Code

STAFF REPORTS

Eastvale – After months of advocacy, the City of Eastvale will now have its own ZIP code! The “United State Postal Service has revised the 92880 ZIP code to accurately register as Eastvale, California starting January 1, 2024,” according to a City news release.

“This change not only reflects the growth and vibrancy of our community but also ensures that our residents receive the attention and service they deserve,” stated Councilman Todd Rigby when he was Mayor of Eastvale. “This red-

esignation is a testament to the collaborative efforts of our residents, businesses, and local, state, and federal government. As a city, we are proud of this significant milestone and appreciate everyone that made this possible,” said Rigby.

Congresswoman Norma Torres shared her excitement in a news release, “When we work together on behalf of Inland Empire families, we can get great things done. When I first began representing Eastvale in Congress earlier this year, I constantly heard from my new constituents about the numerous problems posed by the

lack of an accurate zip code for the city. With proper recognition under the 92880 zip code, confusion will be reduced for families, seniors and small businesses. I thank Congressman Calvert and Senator Padilla for partnering with me to secure this change and deliver results for our constituents,” said Congresswoman Torres.

“I have been working jointly with the city of Eastvale and my colleagues in Congress to advocate for overdue changes in the way the US Postal Service identifies Eastvale and its Zip Codes,” stated Congressman Ken Calvert. “The approval of

the last line change in addresses, which will now identify Eastvale as the preferred last line city for the 92880 Zip Code, is a positive step forward for city residents and businesses. I will continue to work with the city and my colleagues to address outstanding Zip Code issues impacting the city,” said Congressman Calvert.

A City news release stated: “The city will remain home to ZIP codes 92880 and 91752, but legislation H.R. 696 and H.R. 860 were introduced in

Proud of Myself

Michael Armijo

I remember closing my eyes, trying my hardest to embrace the way I felt. I wanted to burn into my memory the tremendous feeling of enchantment that overwhelmed me. The way I felt that evening, I wanted it to last a lifetime.

It wasn't just dinner and cocktails with some co-workers. It wasn't just the significant evening for someone special, a celebration of achievement. The evening meant more to me than it did to the person being honored. It was an evening that I was proud to be included, a time that I had the opportunity to feel how important it was to

be where I was that evening. A time to be proud of myself.

I memorized the slow, soft song; my wife in my arms, slowly moved along the shiny, wooden, dance floor. I remembered glancing through the enormous window, gazing over the breathless view of the city; it was a clear day and the hilltop gave us the view of a lifetime. I remember peeking around the room, sharing the moment with people whom I respected, I admired, I felt very proud of being associated with. And I will never forget the feeling I had; the feeling of pride to be able to be in a room with such igniting people; to be in a room with people I had tremendous respect for.

When I tried to remember the last time I felt this way, it took me back to 7th grade. I remember failing all my classes and my teacher, Yvonne Contreras, took my hand and led me to a place inside myself; the place filled with pride. She told me that I do deserve to be number one; that I do deserve to be the best and to feel proud of myself. And I did find that path because I ended up "Student of the Year." Straight A's and on the honor

roll. Unfortunately, that feeling was taken from me. Abuse and neglect took those happy moments from my life to the dungeons of sadness and pain.

But these last several years I've worked hard, unconditionally, trying to make a difference in the lives around me. Just as Miss Contreras did, I've tried to take people by the hand and to lead them to that path inside. I've endured the sacrifice of helping others, encouraging people and trying to live the life of the achiever; trying to show people that it can be done.

You see, this meant so much for me because of where I've been and who I was; this meant so much to me because I've always dreamt of feeling the satisfaction of truly contributing to life. Contributing without condition, without ulterior motives. To truly give from my heart and reap the rewards of my success.

I've waited for the day that told me my accomplishments were worthy of my intentions.

And that evening, an evening I will forever hold dear to my heart, I stood there with peers of mine whom I respected. I stood there by a breathtaking view with the woman I've loved for over 20 years. I stood there proud of what I've done and why I've done it. I stood there, with a tear in my eye, knowing that I could, and have, made a difference in the lives around me. And just as I felt when I won that 7th grade award of "Student of the Year," I had finally earned a feeling that no one could ever take from me. I found the path to that place where no one could ever touch me. I earned the right to experience the fulfillment of what I've done with my life – to actually feel that ever so radiant emotion of truly, and unconditionally, feeling proud of myself.

Grant Awarded To Increase Safety On Roads

Staff Reports

Eastvale – The Riverside County Sheriff's Office for the Jurupa Valley Station was awarded a \$125,173 grant from the California Office of Traffic Safety (OTS). "The grant will support our ongoing enforcement and education programs to help reduce the number of serious injuries and deaths on our roads," stated the Riverside County Sheriff's Department in a

news release.

"This funding will strengthen our commitment to public safety in our community," Sergeant Robles said. "We will be able to increase our efforts in making our roads safer for everyone and focus on critical areas such as distracted driving, impaired driving and speeding."

The news release stated that the grant will provide additional programs and resources, includ-

ing:

- DUI checkpoints and patrols focused on stopping suspected impaired drivers.
- High-visibility distracted driving enforcement operations targeting drivers in violation of California's hands-free cell phone law.
- Enforcement operations focused on the most dangerous driver behaviors that put the safety of people biking or walking at risk.
- Enforcement operations fo-

cused on top violations that cause crashes: speeding, failure to yield, stop sign and/or red-light running, and improper turning or lane changes.

• Community presentations on traffic safety issues such as distracted driving, impaired driving, speeding and bicycle and pedestrian safety.

• Collaborative enforcement efforts with neighboring agencies.

• Officer training and/or recertification: Standard Field Sobriety Test (SFST), Advanced Roadside Impaired Driving Enforcement (ARIDE) and Drug Recognition Expert (DRE).

The grant program will run through September 2024.

Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.

Celebrate Responsibly with a "Go Safely" Game Plan

Riverside County Sheriff's Department

Eastvale – The holiday season can be a dangerous time for people on the roads. In December 2021 alone, 1,013 people were killed in the U.S. in alcohol-impaired-driving crashes according to the National Highway Traffic Safety Administra-

tion. The Riverside County Sheriff's Office wants to remind the public of the dangers of driving impaired and celebrate the holiday season responsibly by not driving under the influence.

From Dec. 13 through New Year's Day, The Jurupa Valley Sheriff's Station will have additional deputies on patrol looking for driv-

ers suspected of being under the influence of alcohol and/or drugs. The high-visibility enforcement effort is part of a national campaign, Drive Sober or Get Pulled Over, with the goal of stopping suspected impaired drivers who put others on the road at risk.

"Impaired driving isn't just dangerous, it's illegal," Deputy Richard

Comstock said. "Let's make this a joyful and safe holiday season for everyone on the road. This enforcement period allows us to get the message out that it is essential to act responsibly and plan a sober ride home."

The Riverside County Sheriff's Office encourages everyone to stay in for the night or have a "go

safely" game plan by scheduling a ride or designating a sober driver if you plan to consume alcohol.

Impaired driving is not just from alcohol. Marijuana, prescription medications or over-the-counter drugs may also impair. Do your research and understand how certain drugs may affect your driving ability.

"Impaired drivers put others on the road at significant risk," Sergeant Ignacio Robles said. "Any prevention measures that reduce the number of impaired drivers on our roads significantly improves traffic safety."

Incident: Robbery Suspects Arrested

Date: November 21, 2023
Location: Eastvale

Details: On November 21, 2023, about 9:25 p.m., deputies from the Jurupa Valley Sheriff's Station responded to a business, located in the 12000 block of Limonite Avenue, Eastvale regarding a robbery that occurred at a local grocery store.

Upon arrival, deputies learned the suspect approached an employee inside the location and stole an undisclosed amount of money. The suspect fled from the store to an awaiting white 4-door Volkswagen,

which was occupied by another subject.

Deputies, with the assistance of the Riverside County Sheriff's Aviation Unit, immediately conducted an extensive search for the suspect vehicle. The vehicle was located in the 6000 block of Fairlane Avenue, Eastvale and two subjects believed to be involved in the robbery were located at a residence. Sheriff's Investigators responded to the scene and assumed the investigation. A search warrant was served at a residence and evidence of the crime,

including the majority of the stolen money, was recovered. Investigators conducted multiple interviews, recovered additional evidence during this investigation, and ultimately arrested Charles Sanford, Jr., a 27 year-old resident of Rialto, and Elijah Tucker, a 26 year-old resident of San Bernardino for robbery and conspiracy. They were both booked into the Robert Presley Detention Center.

Anyone with information related to this crime is encouraged to contact Investigator M. Barros at 951-955-2600.

their newly remodeled home; and their egg-processing machine can handle about 36,000 eggs per hour at its peak. If the average bird lays one egg about every 26 hours, that equals a lot of chickens at the Voortman ranch!

Did you know that you can tell how fresh an egg is by how high the yolk stands up in the frying pan after you crack it? Voortman's will have your over-easies standing tall. Their fresh eggs are the highest in quality, with dark, nutrient-dense yolks. You will immediately notice a difference in your cooking and baking.

Have you ever wondered how long the eggs in the grocery stores have actually been sitting around? Despite the use-by date, there is really no way to know how long ago they were produced. With Voortman's, the eggs are selected daily, on site, and readied for you in their store.

Third-generation egg rancher, Eddie Voortman, says, "We are a local, family-owned business that provides fresh, quality products to the public."

Customers of Voortman's rave about their all natural, cage free eggs, touting the freshness, and great pricing. One customer said, "They make the fluffiest scrambled eggs!"

The eggs come in all sizes and colors, depending on your needs. Whatever you choose, you will not be disappointed.

SBA LOAN NEW HOMES WORKING CAPITAL

He Comes To Save

Reverend Wayne Chu

The wonderful Festival of Lights reminds me that it is Christmas time! It is a joyful celebration because it is a season of joy, love and hope. We gather with our loved ones, and we exchange gifts. It is a big-time shopping season. What are your criteria in buying gifts? Do you buy something to eat or do you buy the latest and greatest? It is good to catch the trend to get something new and exciting. However, I see people throw away many relatively intact items, especially electronic items,

just because they have something new.

As an author says, "we are living in a generation where we throw away things that are slightly damaged". No one repairs things anymore. That seems to be true. When I discovered that a printer toner is more expensive than buying a new printer, there is not much incentive to resist the culture.

Unfortunately, because of this culture, we treat people in the same manner. We don't want to involve ourselves with those who are sick, who have problems,

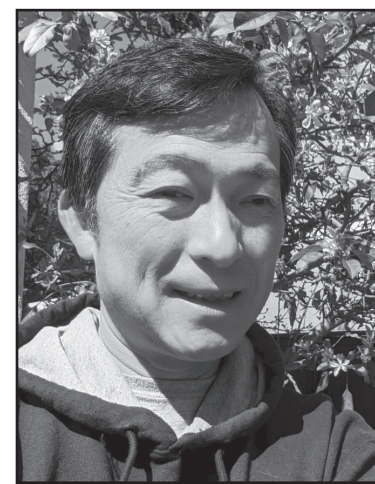

mental or spiritual. We close our door to them. Perhaps we are afraid of being infected or perhaps we are afraid that we will be treated the same. Sadly, we treat friendship and marriage in a similar way.

"It is not the healthy who need a doctor, but the sick. I have not come to call the righteous, but sinners." Mark 2:17

Even the world seems to have so many problems today; Christmas reminds us that Jesus never gave up on this world. He treasures every one of us. He came to restore and not to abandon.

For this special season of the year, may we learn to see the value of people as the way Jesus sees them. May we learn to love instead of to judge. Remember we are all the same, we need Jesus. "...For I did not come to judge the world, but to save the world." John 12:47

Christmas Wonder

Pastor Dennis Morales

"When they saw the star, they rejoiced exceedingly with great joy" Matthew 2:10

How do you respond to Christmas? Many of us say it's time to break out the Christmas favorites like "Home Alone" and "It's a Wonderful Life." Some of you fancy the Hallmark Channel for sure. You just may not admit your binge watch. For some, Christmas sparks fond memories, some exuberance, and for others it's

shopping. I love opening gifts and sharing stories with family. But the message of Christmas is so much more than gift wrap, cookies, or our beautiful tree with the perfectly colored twinkle lights. Scripture speaks of the heart of Christmas. It is that God gave us the best gift ever in His Son Jesus Christ. We see many responses in the Bible to the birth of our Savior. Creation's response was a star to tell the world a King had been born (Numbers 24:17). The angels responded with worship

(Luke 2:13-14). Magi (wise men) responded with gifts of worship, whom were also guided by the Star (Matthew 2:2). The Shepherds responded by running to see Jesus, then telling everyone about what they saw (Luke 2:17). The Bethlehem Star signified God's response to the world's greatest need. That the world would be given the opportunity to be saved from sin and be given hope of Heaven (John 3:16). The wonder and beauty of Christmas is that Jesus took His place in a

manger so that we might have a home in Heaven. Our Savior was wrapped in nothing more than common rags. The Star rested over an ordinary manger, which held the greatest gift in the simplest of wrapping (Luke 2:7). Merry Christmas. May your homes be filled with the Love, Joy, and Peace that comes from God.

Christmas Traditions

Mark Hopper

I have shared in my previous book about some of the Hopper family's Christmas traditions. Some of them were passed down from our own parents and some of them started when we had our own family. Every generation keeps some of the old ones and creates new ones. I'm sure this is true for you as well.

One of the Christmas traditions you have read about was making cinnamon rolls. This started with my Grandmother Marie Halliday. She baked the best cinnamon rolls for us when I was young. My brother and I learned how to bake them when we were growing up and contin-

ued doing this with our own children in the Christmas season.

I actually included the recipe in the back of my second book, "Let Me Encourage You More". My children have modified them or found new recipes but they still bake cinnamon rolls for Christmas in memory of Grandma Halliday.

Another tradition passed down in my family was reading the Christmas Story from the Bible on Christmas Eve. When I was young I remember going to my grandparent's house on Christmas Eve. We enjoyed hot chocolate and warm ginger bread and read the account of Jesus' birth from the Bible in the book of Luke 2:1-20.

On Christmas morning my brother and I were not allowed to open any gifts at our house until we had eaten some breakfast. Who wants to stop and eat when you know there are Christmas presents under the tree in the living room? It seemed like torture but we did it every year.

After we opened presents at our house we drove back to the Halliday's house for Christmas dinner. Then we got to open one present that was waiting for us under the Christmas tree at my grandparent's house.

My father-in-law's heritage was German. My wife's family had a little different twist to their Christmas routine. When she was growing up her parents

put the kids to bed and then set up the tree while the kids were asleep and put out all the presents. Around midnight they woke up the sleeping kids and rushed to the window to wave goodbye to Santa. Her parents wanted to do the same with our children. But after a year or two of waking up sleeping kids my wife and I decided to let the kids sleep and open gifts on Christmas morning after they woke up.

You can read more stories by Mark Hopper in his new book "Let Me Encourage You More - An Encouraging Story for Every Day of the Year". Order your copy today at markh@efreedb.org. The price is \$25

per book or two books for \$40 plus postage (\$5). Purchase one for yourself and give one to a friend. You will be glad you did!

Deciding to Start Therapy

Nancy Stoops

Deciding to start therapy can be a very hard decision. It's hard to admit to ourselves that we can't do it on our own and that we need some help. The truth is even though we take care of ourselves sometimes we need the help of a good doctor or an antibiotic and sometimes surgery. I have always referred to myself as an emotional surgeon. What I mean by this, is that I open you up and help you

begin to deal with all of those dysfunctional feelings that are making you feel so bad and so stuck. Starting therapy takes an incredible amount of courage and is a sign of strength not weakness. Please never feel embarrassed that you feel have run out of options and that now you need some help to get through some things.

Over the years I have worked with people 2-91 years of age dealing parenting, drugs, anxiety, depression, autistic spectrum disorders, bipolar disorder, schizophrenia, appropriate sexual boundaries and so many other issues. Between my groups and my private practice I have literally helped thousands of people learn how to live a happy and balanced life. I want my clients to be healthy mentally as well as physically and spiritually healthy. I think all three of these go hand in hand to maintain permanent

well-being.

A good place to start is by visiting one of my groups and seeing if you like my style before you start spending your hard earned money. Keep in mind my co-therapist is a registered therapy dog named Jaida. If you are a dog lover you will have a great team on your side while you are doing some very necessary healing or just getting some tips on how to live more fully!!!!

Another exciting addition is Olive Garden, which is officially open in Eastvale. This month, the Eastvale City Council, City Manager, and staff attended the Chamber's ribbon cutting ceremony alongside many residents and visitors. "The City is so excited to welcome such a beautiful establishment to Eastvale," stated the City. "Thank you to all that attended and thank you to SD Images for the photos." Stop by Olive Garden at 12555 Cantu-Galleano Ranch Road from 11:00 a.m. to 10:00 p.m. today.

There is also construction all throughout the city. American Asphalt South is performing pavement resurfacing on various residential streets throughout the city from November 8, 2023 to January 31, 2024 from 8 am to 5 pm. The City advises that residents please stay off of

road areas that are coned off as driving on incomplete roads will ruin the resurfacing. To see which streets are undergoing resurfacing please check out the map here: <https://www.eastvaleca.gov/home/showdocument?id=17084>

The Limonite Gap Closure Project is also well underway and making incredible progress. The project completion date is the end of next year, according to the City.

In addition, the Hamner Avenue Project is still underway. Crews continue construction on the southbound eastern bridge span. It is advised that residents reduce their speed to 35 mph in the project area, watch for crews working on the shoulder from Detroit Street to Citrus Street and along the length of the bridge, according to the City. Pedestrians are asked to use RTA route 3 when bridge crossing is necessary.
